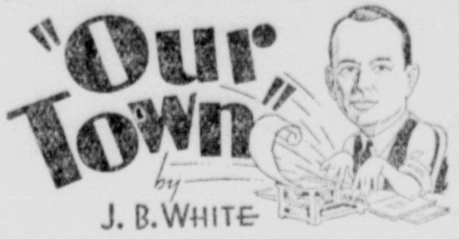
GRADE CROSSING CRASH FATAL



Man is a vain creature, and as such he is likely to find disturbing the report of Dr. Ales Hrdlicka on the expanding quality in human features. Dr. Hrdlicka for some time past has been applying a tape measure to people, thousands of them over a period of years. He has measured them when they were young and again when they were old. For most of them he has a sad find to relate.

As the years go by other things happen to men and women than the greying of their hair and the wrinkling of their skin. Take ears, for instance. Ears which were originally comparable to the sail on a fishing smack may finish in a manner reminiscent of a four masted schooner. Then there is the case of the nose it becomes longer and broader. A nose which is a mere foothill in youth becomes a mountain range, long and broad, in old age. A mouth which began life as an oriface just large enough for conversation and the satisfaction of gustatory needs may become a Mammoth cave. All of these things Dr. Hrdlicka reports on authority of his tape measure and its comparative measurements of youth and old age.

It is the fate of men and women alike. The dainty nose of the flapper (remember flappers?) is well on its way now to more generous proportions. The cupid's bow mouth becomes a long line across the face and, if not reaching from ear to ear, at least approaching that condition. So says Dr. Hrdlicka.

All of which is vaguely disheartening. There is no fun in knowing, for instance, as a young man embarks on the matrimonial cruise with his bride, that both are predestined to change in appearance, and probably for the worse. It suggests, that the perfect mate is someone with small nose, small ears and a small mouth to begin with. Actually, it suggests nothing of the sort. For love is blind to begin with anyhow, and besides that, who cares what he looks like when it's too old to make any difference?

* * *

It will undoubtedly come as a surprise to many persons to learn that visitors to the Texas Centennial this year will still see the Texas cowboy on his native heath. The Texas Weekly denies the cowboy has taken his place with the Indian and the buffalo, which now exist mainly in the pages of American history. The cowboy, we are assured, is still on hand, in person, and still wears the huge hat, the high-heeled boots and flapping" chaps. He still rounds up cattle and "busts" unruly bronchos. Only one article of this traditional apparel is missing. He no longer wears a six-gun in his belt.

Moreover, there is still opportunity for the cowboy to ply his trade. Ranching goes on in nearly every part of the state, for all of Texas' cities and its skyscrapers. The King ranch, largest of them all, is not now under one ownership, but still includes more than a million acres and eight hundred cowboys find work upon it. There are about 800,000 acres in La Parra ranch. Ranches of more than 50,000 acres are common.

It adds to the interest of the rest of the country in the Texas celebra-

$3.75 Paid Taxes On 400 Acres, 3 Horses And Poll In 1856

Taxes have materially increased since 1856 as shown by an old tax receipt brought to the office of Bill Alex Bonds, collector, by Clarence Raney of Buckholts last week.

The receipt issued by Overton, collector was for $3.75 in amount. This sum paid taxes on 400 acres of land, three head of horses and a poll tax. The same property under present rates and valuations would have cost Mr. Raney $300.

The receipt was issued to M. G. Raney, well known pioneer of Buckholts and the father of Frank Raney of that city. It is well preserved

SAN GABRIEL CENTENNIAL PROGRAM FOR APRIL 26TH

The Alamo

Peaceful now, its supreme sacrifice to posterity enshrined down the colonnades of time, the Alamo rests in the San Antonio sun, steeped in the traditions of the Lone Star State it bore. Never forgotten by Texans, the shrine to Texas liberty will ever live in the hearts of Centennial visitors.

Henderson Walker Assessor-Collector

Henderson Walker is a candidate for the Democratic nomination for Assessor and Collector of Taxes for Milam County subject to the primary election to be held on July 25th, he announced for publication here Monday. The announcement that he will seek this office in 1936 has been awaited with wide general interest over the county where two years ago he ran within 17 votes of the nomination.

Mr. Walker is one of the best qualified men ever to offer for public office in Milam County, and his life work has qualified him for this place and in announcing for the office of Assessor and Collector of Taxes, he submits his record, his life lived among the people of the county and his exceptional qualities of character and training.

Mr. Walker is 30 years of age. These years have been spent entirely in Milam county. He is the son of the late Quinn Walker, who for 33 years was county surveyor of this county, a popular and beloved citizen. Mr. Walker's grandfather, Geo. Thatch was the first sheriff of Milam when the county embraced a large territory from which about 10 present day Texas counties have been established. By lineage and back-

BANKS TO CLOSE

Observing the Anniversary of the Battle of San Jacinto and Texas Independence, Cameron banks will be closed Tuesday April 21st.

Homecoming At Tracy On Mothers Day, May 10; All Day Program

All former residents of Tracy Community have been mailed a special invitation to be in Tracy on Mothers Day May 10th.

It is to be a home coming day and is to be held at the Methodist church. All who come are asked to bring well filled baskets and stay all day.

The committee has sent the following to the Cameron Herald: "The above invitation has this week been mailed to former residents of Tracy who now live outside of Milam County. Through this paper we want to extend the invitation to anyone who wishes to come,

B. V. Roberts Praised for Cameron Mutual Success

B. V. Roberts, Secretary and Director of the Cameron Mutual Life Insurance Association, now celebrating its fourteenth year in business, is a native citizen of Cameron and has found success quite real within his own community in contrast to the many who go to distant cities.

Mr. Roberts, born in Cameron, has never left his home city. He graduated from Yoe High School and early entered business. For a number of years he was assistant cashier of the Citizens National Bank. After voluntarily retiring from that position he took up the insurance work and has specialized in the field to which he has so well applied his talents in developing the Cameron Mutual.

This week Mr. Roberts enlarges his offices in Cameron, taking additional space on the second floor of the Citizens National Bank Building better known as the building formerly occupied by the late Dr. Monroe and the Central Loan Company. He will maintain his down-stairs office also.

An able assistant is Miss Laureta Evans, a Cameron girl who has contributed much to the success of the Company. Miss Evans knows intimately every detail of the business and is responsible in a large measure for the courteous atmosphere of the Cameron Mutual office, greeting policy holders and transacting its business.

Miss Alline Warren has recently accepted a position in the office as assistant to Miss Evans and Mr. Roberts, and will have much to do with the success of the company in the future.

In this issue of the Herald a large number of tributes are paid to the Cameron Mutual.

HISTORIC TOWN TO LAY CORNERSTONE OF NEW SCHOOL

In the community where almost 200 years ago Spanish Priests built Missions to Christianize the Indians and where succeeding years have wrought interesting events in the history of Texas, the people of San Gabriel of 1936, will celebrate Centennial year by laying the cornerstone of a new school building.

Announcement of the coming celebration on Sunday April 26 at 2:30 in the afternoon was made in Cameron Tuesday by Miss Eula Gilchrist, member of the school faculty in San Gabriel and J. L. Clark, civic leader, who were on their way to Burlington to arrange with Father Tim O'Sullivan for an address concerning the Catholic Missions built in 1746 and 1749 a short distance from the presen town of San Gabriel.

The program will revolve around the laying of the corner stone for the new San Gabriel High School which is being built from the same materials used by the Spaniards in constructing the old Missions.

A cordial invitation is extended to the people of Cameron and all Milam county to attend this Centennial Program.

Hon. E. A. Camp of Rockdale will deliver an address and C. E. Wayman, P. W. A. director will also speak. Then will follow the address of Father O'Sullivan who has been commissioned to mark the Mission sites on the river.

This will be one of the most impressive celebrations of the year and San Gabriel hospitality bids you welcome.

COACH To Warm Boys Up

By The
PEEPING REPORTER

"Better late than never"—that is the policy of Coach L. C. Wood—but it's sure to make the boys "hot" this time.

Coach Wood ended the long time grudge held against the Yoe High School by the football lettermen and squad-men of "35" when he presented them with their sweaters yesterday.

The officials smoothed out the old grudge by explaining to the assembly yesterday how the sweaters had been ordered early in the season but by some misunderstanding the firm from which they were ordered failed to deliver them, making another order necessary. Coach Wood should have changed the order from sweaters to bathing suits—they would have been cheaper too.

Some one said the new sweaters have leather sleeves, making them rather original—but anyway, it surprised the boys to get any kind of sweater. It did look bad, you know.

Well now that the sweater question

(Turn to page 12)

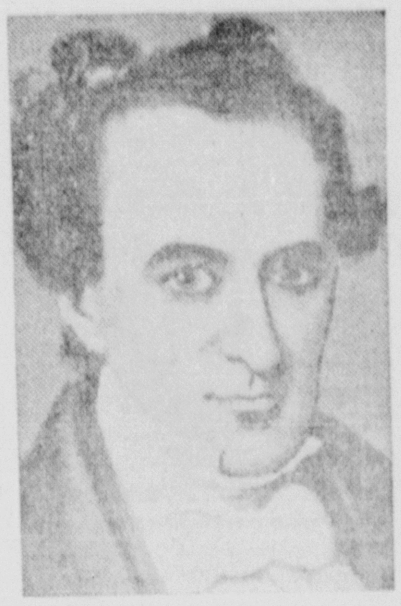
Fox Hunters Get Bid To Picture Here On April 21

The great Fox hound picture "The Voice of Bugle Ann," featuring Lionel Barrymore and other stars will be shown at the Cameron Theatre on Tuesday April 21, matinee and night, one day only.

Penn Wolf, district clerk, owner of fox hounds, has sent out 200 invitations to Fox hunters in this section, asking them to see the picture.

Stanley Swift was making preparations to entertain the hunters at his theater. The book from which the play is taken is one of the best stories in all literature dealing with dogs and hunters.

"Father of Texas"



Stephen F. Austin, the peaceful farmer and lawyer who established his father's American colony in Texas, is revered by history for the wisdom of his leadership in the crisis of a century ago

ANNUAL SALARY BILL OF COUNTY $52,147.00

Milam County's Treasury must pay in salaries this year a grand total of $52,147.92.

This amount becomes a levy on the general fund with the effect of the new constitution which eliminates the fee system in Texas counties. All fees accruing are now paid into the treasury of the county. They will be far short of the amount required to pay the annual salary bill.

The salary account of the treasury each month is $4,345.66 which includes every employe of the county.

Advantageous fixing of salaries sets a high figure for officials. This is due to the provision of the legislative act which specified the amount to be paid could not be less than the total amount earned under the fee system in 1935. Officials generally had a profitable year in 1935.

Under the fee system good years were taken along with the poor years and the average was fair compensation for the officials. Under the present plan with the exception of the county judge, the salaries will be high because of the amounts earned in 1935.

The fee bill will result in great losses to the average county. The legislation is aimed at the larger counties where excessive earnings have scandalized public service for years. A better bill would have been to exempt certain counties and fixed earning limitations in the larger centers.

Machine Shop Here Selling Fairbanks-Morse Refrigerators

Cameron Machine Shop has an announcement of interest in this issue of The Herald.

The firm has recently contracted agency for the Fairbanks-Morse electric refrigerators and has a number of these on display. The refrigerator features the Conservador which is a door that holds foods. It can be opened without exposing the inner box thus cutting operating costs.

FRANK LUCE KILLED INSTANTLY BY TRAIN

Frank Luce, 58 was instantly killed shortly after noon Saturday when a south bound Santa Fe passenger train struck his Ford coupe at the crossing near the interlocking towers in West Cameron.

Luce's car was dragged about 100 feet down the track and he was thrown from the car. His right arm was broken and his skull fractured.

Mr. Luce was born and reared at Walkers Creek, and farmed in that section before moving to Cameron. He was married, January, 1899 to Miss Delta Snow of Wokaty in this county. Shortly after they married, they moved to Cameron, where they have resided since. He was engaged in blacksmithin during his time here.

Surviving are his widow and four children as follows: Mrs. Green Wells, Cameron; Mrs. Jess Werlla of Freer; Mrs. Sam Carol of Denison and I. W. Luce of Taylor; three brothers, Willard and Gule Luce of Houston; Sam of Alice, two sisters, Mrs. Ruth Scott of Mineola and Mrs. Alice Choate of Buckholts.

Funeral services were held in Cameron from the residence Sunday afternoon April 12 with interment in Oak Hill Cemetery.

Rev. J. Coy Williams of the First Methodist church, conducted the services with the Leland Green Funeral Home directing arrangements.

Packard Hearse For Coleman Funeral Home In City

James L. Coleman of the Coleman Funeral Home announced Wednesday he had purchased a new Packard Hearse for his business in Cameron.

Mr. Coleman will leave soon for the Chicago Market to buy Furniture and will drive the new hearse back from Freeport, Illinois. He expects to get the hearse in Cameron by May 2nd.

He returned Tuesday from the spring market in Dallas where he purchased furniture stocks for the trade in Cameron.

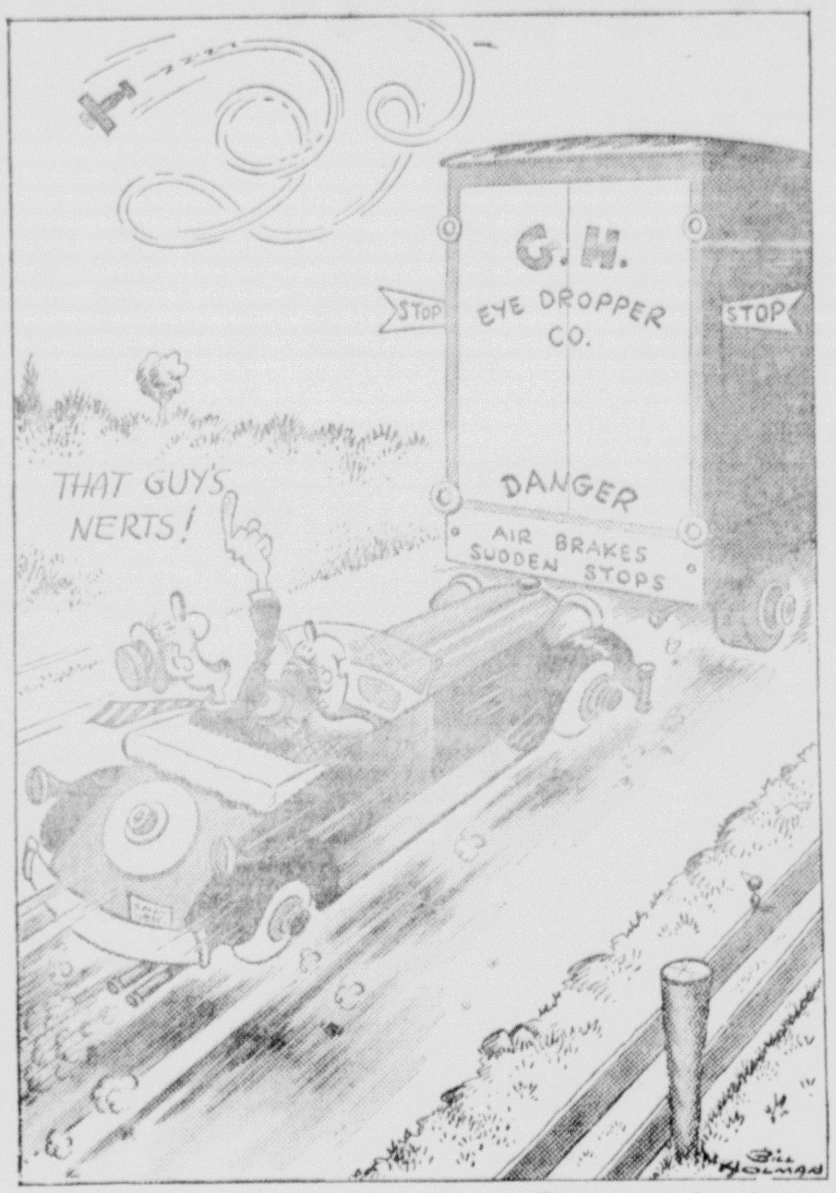
Pick Out the One Who's "Nerts"



Travelers Ins. Co. Safety Service.

It would be suspected that when people rush about it's because of some good reason. Perhaps going to a fire, or something like that. It has been said that there's a surplus of leisure in America, but that everybody is in more of a hurry than ever before. Automobiles are made faster than ever. People drive faster than ever. They even die faster than ever.

Most persons think the dare-devil aerial stuntster plays fast and loose with life. They say, "I wouldn't do that." They shudder when they see a window cleaner hanging by a life belt, high above the street. Most persons say, "I wouldn't do that." They watch with bated breath the structural steel worker walking almost gingerly around on the skeleton of a huge skyscraper. None of that for the average person.

The stunts of the rope walker, the trapeze performer, the high diver and all his brothers and sisters are not pursuits for the mine-run of individuals. Not by a jug full. But few drivers regard in a serious light the hazards of motoring.

To most there's nothing to worry about when a car is being driven at high rates of speed, or when a curve or corner is taken sharply, or when another car is met almost head on at the top of a hill. The record of the occurrence of automobile accidents last year—the smashing of cars with trains, against trees and telephone poles and against bridges, the wrecking of cars going off the road, and the collision of cars at innumerable places—all go to indicate that many drivers don't realize the constant risks which only the utmost care makes it possible to avoid.

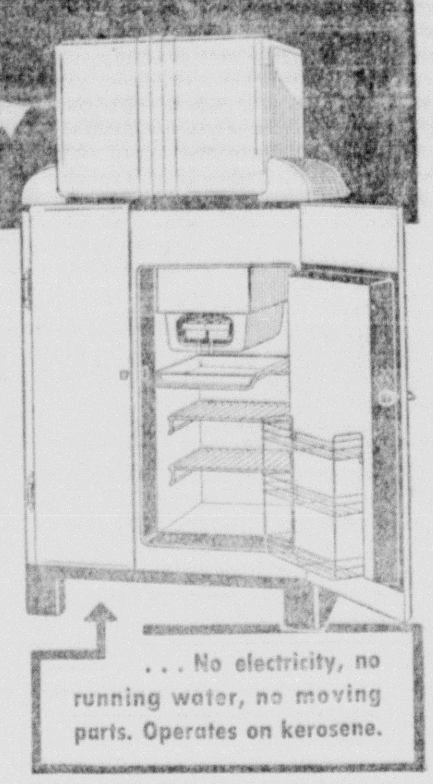
YES, YOU CAN NOW HAVE MODERN REFRIGERATION

This exclusive SuperCondenser Top means efficient and economical operation



... No electricity, no running water, no moving parts. Operates on kerosene.

HERE is Supertex, the Oil Burning Refrigerator—designed especially to bring the most modern form of refrigeration to rural homes. It works anywhere because it requires no outside connections of any kind—makes cold by burning kerosene. Superfex is the most economical form of refrigeration you could have, for many reasons, one of which is that the burners operate only about two hours to make refrigeration for twenty-four hours or more.

Thousands in Use

Superfex is made by a company that has served rural homes for more than forty years—the makers of famous Perfection Stoves and Ranges. Superfex is made to do the things that a refrigerator *must* do out in the country, to make cold—plenty of cold—day after day and year after year.

Fresh Food and Ice Always Handy

With Superfex in your kitchen, you don't have to run out to the well or down cellar every time you prepare a meal. Everything you need can be kept right within reach in Superfex. You can keep fresh meats for days at a time You can have ice cubes for drinking water and iced beverages. You can make delicious chilled salads and frozen desserts.

New, Improved Models .. easy terms

This year's models surpass all that have been made. They are more efficient—more beautiful. Their new design and cream-white porcelain finish make them "at home" in any kitchen. The adjustable shelves can be arranged to meet the needs of each day's storage. Superfex can be bought on easy terms—plenty of time in which to pay if you wish. Telephone or write for a free demonstration in your own home.

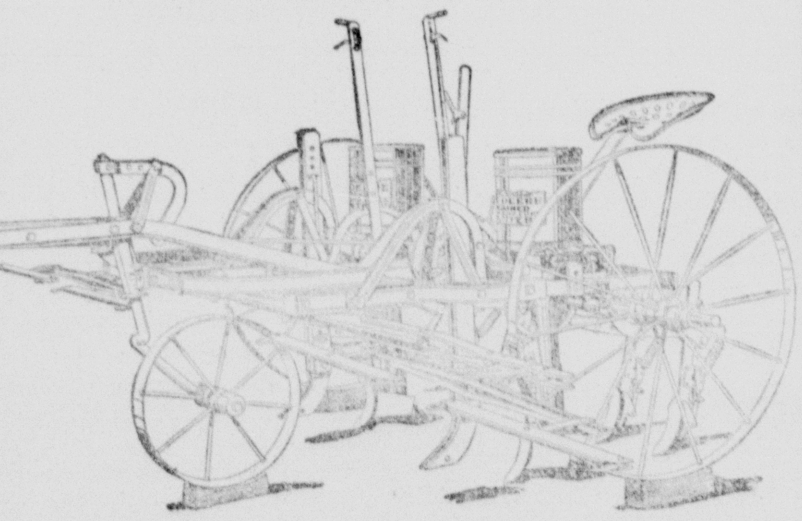
THE ACCURATE, TWO-ROW RIDING PLANTER



JOHN DEERE NO. 210—FOR COTTON, CORN AND PEANUTS

Here's the riding cotton and corn planter that was designed especially to reduce planting costs for Texas farmers. Its accuracy and its adaptability to all methods of cotton planting have made it a big favorite.

The John Deere Saw-Tooth Type Steel Picker Wheel picks out the cotton seed one at a time, or more if desired, in any quantity per acre. It picks out the lint and trash with the seed—no clogging in the hopper. Corn, sorghum, peanuts, and other crops are planted accurately by the use of John Deere Natural Drop Seed Plates.

Tongue truck relieves horses of neck weight and makes machine run steadily. Shovel openers and coverers have reversible points. Runner openers can be furnished in place of shovels if desired. Fertilizer attachment and press wheels can also be furnished.

Miss Elma Easley Becomes the Bride of Joe B. Anderson at Bride's Home In Calvert

Miss Elma Easley of Cameron and Calvert was married to Joe Anderson of Houston on Friday night at the home of the bride at Calvert.

Rev. Miller Smith, a Methodist minister and teacher at Jones Prairie, performed the ceremony.

The bride is the daughter of Mrs. S. A. Easley of Calvert. Miss Easley prior to her marriage was employed in Cameron at the Lalla Meyers' Beauty Shop for two years. She was born an dreared at Calvert, attended school there but graduated from Yoe High School in this city. She is a graduate of Seller's Beauty Shop in Fort Worth. After completing her beauty course there she was employed in McGregor, later coming to Cameron.

For the ceremony, the bride who is a pretty blonde, was becomingly dressed in a light blue crepe suit with harmonizing accessories. Her shoulder corsage was of pink rosebuds.

The bridegroom is the son of Mr. and Mrs. R. K. Anderson of the Milam Hotel here. He was born and reared at Jones Prairie. He is a graduate of Yoe High School of this city. After his graduation, he assisted his father in the hotel here. He has been employed in Houston since June, 1935, with the Harris Creamery. After a honeymoon, Mr. and Mrs. Anderson will make their home in Houston on 2318 Chenevert street.

Roses and lilies and burning candles were placed in vantage points of the room where the ceremony was performed.

Present for the ceremony were: Mrs. S. A. Easley, Maurine and Giles Easley, Mr. and Mrs. John Senkel and daughter of Cameron, Mr. and Mrs. Otto Patske and daughter of Jones Prairie, Roy Brewer of Dallas, Mr. and Mrs. R. K. Anderson of Cameron, Mr. and Mrs. Lewis Anderson and Mrs. Miller Smith of Jones Prairie.

THURSDAY BRIDGE

Mrs. Arthur Baskin entertained members of the Thursday Bridge Club with Mesdames E. B. Camp, Alvin Nolte, W. R. Bennett and Harold Payne sharing the hospitalities as guests.

A rosebud decoration plan was carried out in all appointments, the reception suite and dining room being adorned with the chosen flowers.

The hostess served a salad course with coffee. Beautiful pink rosebuds centered the tables.

Mrs. Penn Wolf received a rose bowl for club high score and Mrs. Camp was found to hold high for guests and was presented a crystal bowl.

* * *

MUSIC CLUB

Mrs. Francis Cox was hostess to the Music Club Wednesday afternoon. The program was of unusual interest to all.

Miss Dora Emily Moore accompanied by Miss Emma Pearl Clement, sang "Love Song" to the melody of Londondary air. Miss Elizabeth Sprott gave a piano number by Mendelsohn.

Mrs. Harsha, accompanied by Mrs. Cox, sang "All Through the Night."

Mrs. O. C. Acrey as leader for the afternoon program gave a talk on British Isles Music.

Miss Clement played a wedding of Folk songs of English and Scottish melodies.

The hostess served a lovely salad plate with drink at the conclusion of the program. Blue Bonnets were the flowers chosen for the floral decorations.

* * *

WILLIAMS-GUNN

A wedding of interest to many in Cameron occurred in the county court house Friday morning when Miss Mary Williams of Rogers became the bride of Albert Gunn, formerly of this city.

Mr. Gunn now lives in Temple. Justice Womack Brashear performed the ceremony. Mr. and Mrs. Gunn will make their home in Temple.

POPULAR YOUNG CAMERON COUPLE WED

On Saturday afternoon April 11, two of the most popular of the younger set in Cameron were united in marriage, Mr. Albert A. Noack and Miss Oleta Angell.

The marriage vows were given by Rev. Maurice Grove, pastor of the First Christian Church of this city, in the presence of Mesdames M. Maurice Grove and W. B. Denson at the home of the latter.

The bride was attractively attired in white triple sheer ensemble with accessories to match, and wore a beautiful corsage of pink and white sweet peas.

The bridegroom is the son of Mr. and Mrs. G. B. Noack of Wichita Falls. He completed high school there and has been connected with the Fairmont Creamery for three years, during the past year in Cameron as manager. Prior to his time in Cameron he was in LaGrange and Giddings.

After a honeymoon in Houston and Port Arthur, Mr. and Mrs. Noack are living in the Guggolz apartment.

* * *

DELPHIANS

The Delphian Society had as hostess Mrs. Joe Denson for the meeting on Tuesday afternoon.

Members responded to roll call with items of interest concerning Texas.

Mrs. W. R. Newton, Sr., gave a sketch of the life of Elizabeth Browning and Robert Browning.

Miss Winnie Henderson presented a very interesting synopsis of the play "Barretts of Wimpole Street."

At the conclusion of the program guests were served ice cream topped with strawberries and individual cake squares.

WEDNESDAY BRIDGE

Mrs. B. F. Robinson entertained members and guests at a meeting of the Wednesday Bridge Club at her home on 13th Street. Easter lilies and potted hydrangas in orchid shade with bowls of bright hued poppies were seen about the living room, while the dining table was adorned with sweet peas and ferns.

The hostess served a salad course accompanied by angel food cake iced in pink and topped with cream in lime green shade and strawberries and an ice drink.

Mrs. R. B. Stedman was fortunate in cutting high for members and was presented a hydranga in orchid shade. Mrs. Alvin Nolte for guest high cut received a lovely loose powher compact in green edged with gold.

Table cuts of bowls of sweet peas were won by Mrs. Albert Collins, Mrs. James Watson, Mrs. B. F. Bonds and Mrs. Vernon McIntyre.

Guests for the afternoon were Mesdames Alvin Nolte, W. E. Gaither, J. C. Martin, Bassett Watson and Miss Cora Barmore.

* * *

APPROACHING MARRIAGE IS ANNOUNCED

The approaching marriage of Miss Celia Hebner to Joe David Hartnett of Galveston was announced at a party given in Galveston, Wednesday, April 8th, by Mrs. J. A. Matson.

The wedding will take place in Cameron on April 25th at the St. Monica's Church. Miss Hebner is the daughter of Mr. and Mrs. Joe Hebner of Cameron. She graduated from the Yoe High School in this city and later from St. Mary's Infirmary at Galveston, where she is now residing.

A number of parties are being given in Galveston for Miss Hebner. Her mother attended the announcement party Wednesday.

* * *

42 LEISURE CLUB

Mrs. Lincoln Mondrik was hostess to the 42 Leisure Club Thursday evening.

Orchid and green were colors carried out in Easter fashion.

At the conclusion of the games high score went to Mrs. Lesikar and low to Mrs. Leo Laake.

The hostess, assisted by Mrs. Steve Marak, Jr., served a plate consisting of pimiento cheese sandwiches, potato chips, pickles and banana loaf, topped with whipped cream and punch.

Community Party Ad Hall Saturday

A community party will be held Saturday night at Ad Hall school. Ice cream, cakes, pies, sandwiches and lemonade will be served.

Small admission will be charged to raise funds for the athletic sweaters to be awarded by the school this fall. The public is invited to attend.

EPISCOPAL CHURCH

Sunday April 19, Evening Prayer and Sermon 7:30.

Centennial Theme Features Meeting of History Club; Geo. B. Erath Life Story is Recounted

Mrs. James Coleman was hostess to members and guests of the History Club Tuesday afternoon with Mrs. Joe Denson leader of the program.

Response to roll call was events in early Texas History. A most interesting program followed.

Mrs. Denson chose as a suggestion of the opening of the afternoon program a description of the key to be used by President Roosevelt in opening the Texas Centennial. The key is of gold set with various stones and made by Arthur Everett Company of Dallas.

The 21st of April being the 100th Anniversary of the battle of San Jacinto, a recount of events was given as told by Major George B. Erath, for whom Erath County was named and a personal friend of Mrs. Denson's grandfather.

The original picture of the veterans of San Jacinto battle made in Galveston at their reunion in the year 1879 was shown, also a photograph of the San Jacinto monument to be erected on the battle field. One of the group photos was at one time presented to the remaining veterans.

Major Erath settled in Waco, after visiting in the home of George Green, grandfather of Mrs. Denson, and together they surveyed Waco, McLennan county and surrounding counties, also the site where the court house now stands in Cameron.

The compass used by these men was shown by Mrs. Denson. It is the property of her mother, Mrs. McGehee. This very interesting program and display was concluded by a short talk on the recent celebration in San Jacinto.

Guests for the afternoon were Mesdames Geo. Graves, Geo. Mangum, O. C. Acrey and E. A. Perrin.

The hostess served a salad course with ice drink, giving as favors of the afternoon pamphlets on historical Texas events.

CHRISTIAN

The Ladies Aid of the First Christian Church met with Mrs. Robert Young, president of the society, Monday afternoon, in a business meeting. Eleven members answered roll call. Mrs. Young presided at the meeting.

Miss Mary Frances Blaylock will leave Cameron, April 16 for Austin where she has accepted a place with the business office of the Lower Colorado River Authority corporation.

* * *

Leonard Blaylock, student in Baylor University at Waco, was a week end visitor in the Blaylock home in Cameron. Leonard was star center on the 1934 Yoemen team and will make the varsity at Baylor soon.

* * *

Miss Caroline Cheeves is spending the Easter holiday with her mother in Cameron. She attends the University of Arkansas at Fayetteville.

* * *

Miss Minnie Wolf spent the week end in Cameron wit hhome folks.

Miss Henriem Hefley is at home with a severe case of tonsolitis. She arrived last week from University at Afustin where is a student in Journalism. Miss Hefley writes a column for the Herald each week about former Cameron students now in State. She hopes to return to her studies soon.

* * *

Mrs. Paul Brown of Harlengen in the valley, is in Cameron to be with her father, J. M. Ralston who is recovering from recent accident injuries sustained in a fall in his home.

EDITORIAL

Probably the greatest difference between men and animals is the ability of man to plan his conduct and carry that plan into effect. If man had no imagination, could modern civilization exist? Could our highly developed system of education be functioning now without imagination? In our blundering, self-centered, up-to-date world we dwell almost entirely in the present. Most of us have the idea that we know everything and that our ancesters were an ignorant generation when compared with ourselves. Yet, without the dreams of a better country which led our forefathers to develop the vast wilderness that is how the United States, where would we be?

As this is the Centennial year of our state, we might as well remember and respect the people that founded it. After school is out, we shall have three months in which to travel and enjoy ourselves. Will we neglect to visit the old homes and graves of famous early Texans? If we fail to visit them, then we are not true citizens of the Lone Star State.

* * *

WINNERS SELECTED IN CLOTHING CONTEST

Dorothy Jean Lewis, Margaret Martin, and Alice Strzinek were winners in the final clothing and posture contest conducted by the three home economics classes Friday afternoon at Yoe High School. These three girls will represent Cameron in the State Homemaking Rally in San Angelo, April 23 through 25.

Second places went to Iva Earl Heath and Lorene Dodson.

Judges were Miss Laura Jones of Rosebud and Misses Dorothy Schiller and Ethel Jenkins of the Ada Henderson School.

* * *

COACH AWARDS FOOTBALL SWEATERS

Football sweaters were awarded to the 1935-36 lettermen and squad in called assembly Tuesday morning.

Coach L. C. Wood presented sweaters to the following lettermen: Clinton Breeding, Joe McLean, John Davis, Simmie Smith, Earl Peck, James Stewart, Frank Perrin, Gerald Mode, Frank Ermis, James Stanislaw, Woodrow Crawford, Billy Triggs, Luther Poole, J. B. Gilbert, Shirley McLean, Frank Richter, Manager Wallace Durham and Scribe Woodrow Wilson. Squad sweaters went to Julian Conner, Frank Pfarrdrescher, Cuthrel Heath, Woodrow Lange, Dero Underwood, Luie Turner, Paul Stach, Norris Clark and Arthur Crowell.

E. A. Perrin presented the special sweaters to Coaches Wood and Bennett.

* * *

TEACHERS ASSOCIATION MEETS IN ROCKDALE

One hundred Milam County teachers and superintendents assembled at Rockdale High School Monday night for a meeting of the Milam County Teachers Association, organized earlier this year.

Speakers for the evening, introduced by E. A. Perrin, general chairman and toastmaster, were Miss Parmalee of the State Department of Education, Austin, and Rev. O. C. Acrey, Cameron. Miss Parmalee outlined the state music program for Texas schools and the plans for mass singing by school children at the Centennial Exposition in Dallas, June 13. Reverend Acrey spoke on "The Teachers Opportunity for Character Building."

Group singing, directed by Miss Parmalee, piano selections by Miss Ethel Barclay of Rockdale, and two popular numbers by two pupils from San Gabriel High School comprised the remainder of the program.

Following the program, teachers assembled in section meetings to elect group chairmen.

* * *

PLAY IN ASSEMBLY

"The First Dress Suit," a one act play, was presented in assembly Wednesday by students of the Rockdale High School.

The cast was as follows: Mrs. Harding as Joe Murphill; Teddy Harding as Bill Pugh; Betty Harding as Peaches Roundtree and Johnny Drake as Jack Ferguson.

* * *

In a toy selection try-out Monday afternoon, Norma Jean McElwrath was selected as a fourth representative for Yoe High School to accompany the three girls elected to go to San Angelo April 23.

JUST FOR FUN

By Neill

Mr. Law: "Where's that mule I told you to to take out and have shod?"

Charles Roy: "Did you say shod? I thought you said shot. I've just been burying her."

Charles S.: "I haven't come to any ham in this sandwich yet."

James B.: "Try another bite."

Charles S.: (Taking a huge mouthful) "Nope, none yet."

James: "Dog gone it! You must have gone right past it."

Lane Denson: "How late do you sleep Sunday?"

John Lane: "It all depends."

Lane: "Depends on what?"

John Lane: "The length of the sermon."

Miss Pitts: "Have you ever read "To a Field Mouse?"

Nelta D.: "No, how do you get them to listen?"

Stone Garner (Beggar): "Have you got enough money for a cup o' coffee?"

Robert Erck: (Student): "Oh, I'll manage somehow, thank you."

Paul S.: (First Hunter) "Hey Dero."

Dero U.: (Second Hunter) "Yeah."

Paul: "You all right?"

Dero: "Yeah."

Paul: "Then I've shot a bear."

Echoes From Ada Henderson

EDITORIAL

Well, it seems like Ada Henderson didn't fare so well in the county and district meets. Although they didn't all bring home blue ribbons, we admire them for the fine sportsmanlike attitude which all of them seemed to have. Lady luck appeared not to favor them but they fought to win nevertheless. There has to be aloser if there is to be a winner. That brings to my mind a poem by J. D. Downing:

"We can't all play a winning game—
Someone is sure to lose;
Yet we can play, that our name
No one may dare accuse
That when the Master Referee
Scores against our name,
It won't be whether we won or lost,
But how we played the game."

* * *

FIRST GRADE—MISS FLINN

We had an Easter party on Friday afternoon.

Edward Flinn has been absent from school due to illness.

Elinor Sue Muse went to Taylor Saturday.

Lynn Skelton went to Temple Sunday afternoon.

Gillis Graham went to Thorndale Saturday.

Mary Alice Jackson drove to Sugar Loaf Mountain Sunday.

Walter Lawrence went to Milano Friday afternoon to see the train "The Green Diamond."

* * *

2-Y NEWS

Bob Wood went to McGregor for Easter.

Joyce Wiese went to Liberty Easter.

Nora Frances Baggett went to Liberty for Easter.

Ruth Hawkins spent Easter in Ben Arnold.

Our class was very fortunate to have the largest number of parents present at the P. T. A. meeting last Thursday. We won the prize of $1.50 for the second time. We have decided to use a part of the monday for a window box.

* * *

FOURTH GRADE NEWS

Reden Norris Alford visited the airport in Waco.

Albert Rettig, Howard Wardlow, and Val Luckett went to Jones Prairie on an Easter hunt.

Lloyd Warren went to Pendleton.

Bobby Bennett went to Crawford.

Clayton Storey went to Gause.

Weldon Neeley went to Salem.

Guy Chandler went to Minerva.

Kenneth Nabours wen to Salem.

Dorothy Dell Piske went to Ben Arnold.

Tom and Lillie Fae Mitcham spent Sunday with their aunt in Jones Prairie.

* * *

FOURTH GRADE

Tom Winfield went to Rosebud Saturday.

Dorothy Turner visited relatives in the country.

Evelyn Dusek went to Belmena.

Gerald Henderson visited relatives in Corpal.

Portia Kruse went to Waco.

Gloria Anita Cole went to Minerva.

The San Gabriel Pirate Tales

ACTIVITY PROGRAM AS FOUND IN ELEMENTARY GRADES

The activity program in the San Gabriel Grammar schoool has been fully illustrated by projects. A thorough inspection of the grade rooms was made by two staff members Monday.

The most interesting project found in the primary room was on Easter A nest of eggs was in one corner of the sand table; a small chicken coop with three little chickens was in another corner; and on a shelf, we found all the different kinds of chicken feed and pillows made of feathers.

Clocks made from paper plates was the most interesting projects to be found in the second grade room. The best clocks were made by Helen Fojt, Eugene Wagner, and Eugenia Isaac. Another interesting project was a large Texas map cut from beaver board with a Texas flag in center. Eugenia Isaac gets the credit for this art work.

A small Texas flag was made by Lawrence Poltrack who is in the third grade. It was vey good for such a small child. A Texas map with all the products of Texas pasted on it was another project found in Miss Harrell's room. This map was made by the sixth grade pupils.

In Health the 4th grade has been studying the causes of diseases. A good drawing of a house fly was made by Darnell Bartlett and all of the parts were named. Another project found was the Isthmus of Panama. This was made by Julia Mertz and was made of black and White.

A most interesting project was found in the fifth grade, consisting of original drawings of Texas Ranch Life by Kenneth Daniels.

A project of the sixth grade that was found to be very interesting was a Texas Blue Bonnet Book made by Seria Garza, Doris Belle Andrews, Jerome Mertz. Another was a book on goals to be reached in Health Club by Mary Norman.

The Seventh Grade had several interesting projects. They were: A poster of an old cowboy poem made by Tommie Hope Edelmon. A poster consisting of "Language of Texas Brands", was made by Billie Burk Clark and James Arnold Smith.

* * *

RESULTS OF DISTRICT MEET IN BRYAN

We had six students that represented their school at the district meet in a very creditable way. The following students went from here:

Sarah Yeager and Bernie Robinson in debate, lost to Bryan High.

Johnnie Kunz and Leonard Seelig in debate defeated Franklin and Normangee and lost to Bryan High by a vote of two to one, thereby giving them second place in the district.

Aileen Faulkner won second in extemporaneous speaking.

We are proud of every pupil that participated locally, in the county, or in the district. We are especially proud of those folks who worked hard, did a creditable job and represented us at Bryan.

* * *

EASTER PAGEANT PRESENTED BY PUPILS

"Christ Has Risen" a pageant of the resurrection, presented by the speech class of San Gabriel High School, at the local Christian church was a beautiful and impressionistic presentation.

The stage was converted into a beautiful Temple room with a white back ground splashed with silver and the archway was in green outlined in Easter lilies and lighted with green and yellow lights; the remainder of the lighting was done by yellow and white candles placed in various spots of the church. When the characters took their places on the stage, there was indeed a beautiful picture presented.

Tere were some 25 or 30 students participating in the program.

* * *

OBSERVATIONS FROM THE 4TH GRADE AT ENNIS, TEXAS

By Mrs. Johnson

The fourth grade at Ennis, is a part of a wide awake, progressive school system which is trying to keep up with the ever changing times, and therefore, an ever-changing curriculum. Consequently it was interesting to note that this particular grade is gradually taking up the unit system of teaching which is the coming thing in the world of instruction.

One of the most interesting units was one which had been prepared on transportation. The children had brought in toy trains, cars, trucks and other conveyances of all sorts and put on exhibit. Also pictures of every sort of transportation vehicle from the oldest to the latest type and had been collected and correlated with this unit.

An interesting feature of the fourth grade daily program is the physical education period which takes up 15 minutes in the morning and thirty minutes in the afternoon. During this time games are played which exercise the muscles in the whole body.

The whole school system at Ennis enforces a supervised lunch period in which all students eat their lunches in their own rooms under the supervision of a teacher who supervises all rooms on a particular floor.

The facts mentioned above were among the most interesting things observed in the school at Ennis.

News From Marlow

Mr. and Mrs. Ernest Pratt and family of Minerva spent Sunday with her parents, Mr. and Mrs. E. A. Henry.

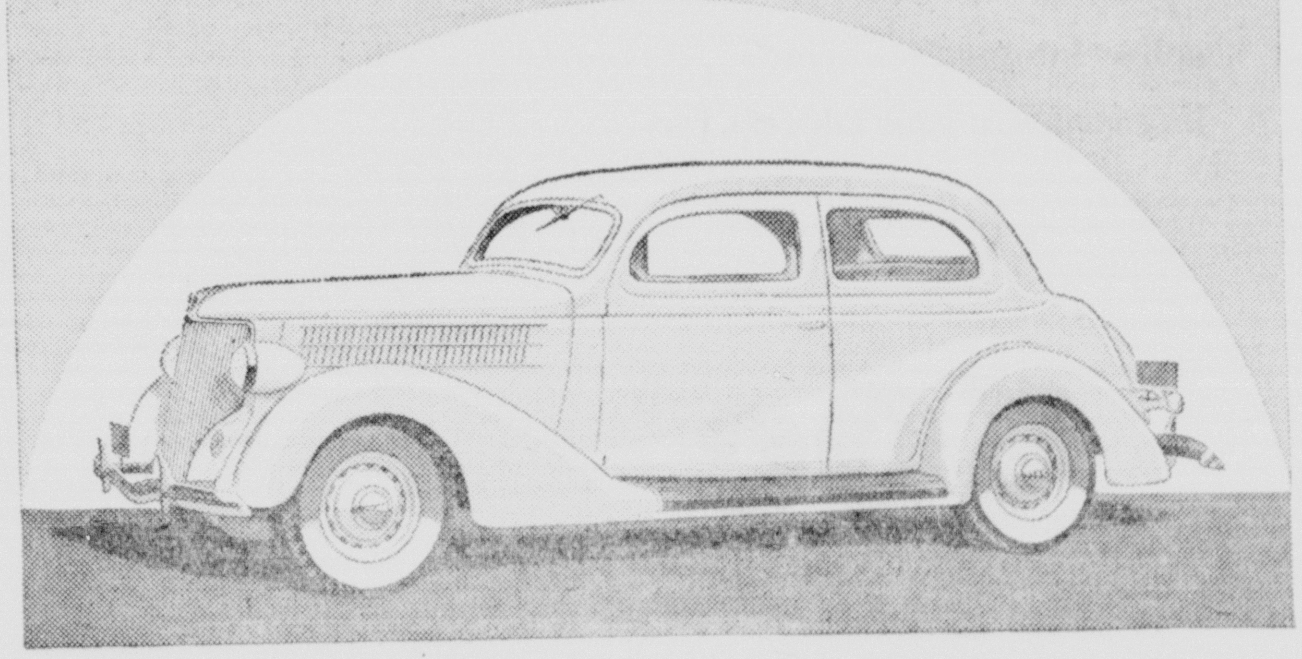
Ford - FOR ECONOMY



"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a gallon is less than $10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:

More value for every dollar you pay.

Lower cost for repairs and service.

Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under $1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

$25 A MONTH WITH USUAL LOW DOWN-PAYMENT, BUYS ANY NEW FORD V-8 CAR ON NEW UCC ½% PER MONTH FINANCE PLANS.

Herman Gerick Is Pentathlon Winner In Bryan Saturday

Herman Gerick, Ad Hall athlete, and pentathlon star, won first place in rural competition at College Station Saturday of last week.

Out of five possible first places he won four. Gerick won third place in the state last year and will compete again this year, believing he can take the state.

He will represent Milam county in this event in state meet in Austin early in May. Superintendent Herndon of the Ad Hall school is proud of his athletes.

Committee Named For New Farm Plan

The community committeemen of Milam county for the new soil conservation and domestic allotment plan, met in Cameron Saturday and elected the following county committeemen: George T. Graves, Cameron; D. K. Hall, Ad Hall; W. W. Blocker, Tanglewood;alternates, M. M. Camp, San Gabriel; W. R. Looney, Branchville, and L. S. Cunningham, Gause.

Mr. and Mrs. Clarence Shawdees of Waco and Paul Connelly and son, Milton of Hearne, were guests of Mr. and Mrs. Leland Green, Sr. here Sunday.

Nephew Mrs. Bryant Dies In Oklahoma

News has been received in Cameron of the death of a nephew of Mrs. Eddie Bryant at Randlett, Oklahoma. The following poem was written by Mrs. Leslie Tuel, the mother and a sister of Mrs. Bryant.

This little poem was written in memory of Sonny Boy Terry of Randlett , who passed away February 22, by his aunt, Mrs. Leslie Tuel:

OUR LITTLE SONNY BOY

"Well, Sonny Boy," the doctor said,
"I believe we're going to win"
The battle that a few days ago
With him, they'd entered in.

'Twas then we all took courage
We could not, at start,
Too many complications,
Among them a weak heart.

He was only four years old,
And we knew his chance was slim,
But when the doctor said "He might"
We all had hopes for him.

We watched him closely hour by hour,
And saw him weaker grow,
But even then could not believe
That he would have to go.

"As long as there's life, there's hope,"
Was our doctor's reply
When asked if we thought
Our child was going to die.

One hour passed and then another
Until a night had flown.
He even grew so very weak
He'd even ceased to groan.

"Oh God" we prayed, "please intervene,
For human strength doth fail,
He's sinking fast; he'll soon be gone
If thou does not prevail.

Finally his eyes were set
And how our heart did throb,
We saw then, he soon would pass,
From us to be with God.

By ten o'clock, his little soul
Had ceased its awful strife
God, somehow, had seen fit
To spare with us his life.

He's gone from us a while
To a happy peaceful shore
Where sickness, pain and death
Can harm him no more.

We'll miss our precious baby boy
Much more than tongue can tell
But trust some day we'll go
Where God and Sonny dwell.

CLARKSON H. D. CLUB

The Clarkson Home Demonstration Club met on April 9 with Mrs. T. W. Garrett with thirteen members and two visitors present.

The meeting was called to order by the president. After the roll call and the reading of the minutes, Mrs. Lawrence Janicek gave us a council report. Then Mrs. Bell offered to take the Expansion Chairman job and to take the cooker that the relief office offered and to help all she could.

The discussions for the evening were: Tips for Quality Canned Products by Miss Kate Schwarting; Demonstration Brining Vegetables with review of method of curing cucumbers using the brining method by Mrs. T. W. Garrett.

The next meeting will be on April 23 with Miss Kate Schwarting.

—Reporter.

At the Lions Club meeting Tuesday F. E. Woodruff gave a talk on "Rural Electricity." Miss Daisy V. Olson and Glenn Hunter were guests of the club.

ELI M. THOMPSON BURIED AT HANOVER

Funeral services for Eli Madison Thompson, 88, were conducted on Saturday at Hanover at the home of a son, Joe Thompson. Rev. O. C. Acrey, pastor of the Presbyterian church of Cameron, conducted the services. Interment was made in the cemetery at Marlow.

Mr. Thompson died on Friday at the home of his son, Joe. He has been a resident of Milam County since 1879. He was born and reared in Wabash County, Illinois. Mr. Thompson was a member of the Presbyterian Church.

Surviving are three sons, Joe of Hanover, Luther and Marvin Thompson of Fairfield and eleven grandchildren.

Mr. and Mrs. R. W Bennett and children spent Saturday in Crawford visiting with their parents, Mrs. R. H. Bennett and Mr. and Mrs. J. J. Jordon.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Miss Naoma Moore of Ennis spent the Easter holidays in Cameron with her parents, Mr. and Mrs. J. L. Moore.

Mrs. J. T. Gott of Fort Worth is a guest of her daughter and son in law Mr. and Mrs. Leland Green, Sr., in this city.

Voss Harlan from Branchville, was a business visitor in Cameron Thursday.

Miss Marjorie Dusek is spending the week end in Cameron with her parents.

Mr. and Mrs. R. D. Brown visited in Weatherford the first of the week They were accompanied home by Mrs. Hickland, mother of Mrs. Brown, who will remain for a visit.

Coming home for the Easter week end were a number of university students, including Roy Baskin, Ernest Sharpe, Hillard Thomas, Chas. and Trovall Stahl of State University; Niley J. Smith of A. & M. Colelge and Leonard Blaylock of Baylor.

Local Scouts From Troop 52 Will Go San Jacinto 21st

Six Boy Scouts of Troop 52, accompanied by Scoutmaster Joseph A. Lindle and Assistant Scoutmaster John Andres, have been invited to attend the San Jacinto Field Mass celebration to be held on the San Jacinto Battle Field April 21.

Upon arrival at the Battlefield, leaders will take the boys in groups over various historical spots on the battlegrounds covering each event of the great battle of 100 years ago for the education as well as the entertainmen of the Scouts.

The plans call for an overnight camp on the battlefield with something doing all the time without any work or expense to the boys. Supper will be served on the battlefield, Scoutmaster Lindle said.

Following supper the Scouts will be lined up in the form of battle as planned by General Sam Houston and re-inact the Great Battle of 100 years ago by making the famous charges down the valley and up the hill to Peggy's Lake, into which the Texans run the Mexicans that were left after the Battle and captured them. A camp fire ceremony with plenty of good songs and stunts and lasting for four hours, will be the after-supper entertainment.

Twenty-one Troops have been invited and some 350 Scouts are expected to attend the ceremony. Those who will represent Troop 52 of Cameron are: George Matocha, Rudolph Michalka, A. G. Kunz, Jr., Boles Matocha, Jr., Billy Balhorn and Walter Plocek. It was announced by Scoutmaster Lindle that those boys will assist the Bishops in the Field Mass. The scouts will also serve in the first aid stations, hold the line of March open, raise the Battlefield Flag when the Governor arrives, act as messengers and direct traffic in general.

Troop 52, sponsored by the Knights of Columbus, has been active for 8 years in Cameron.

Miss Mary Frances Blaylock was a business visitor in Austin several days last week.

Miss Mary Frances Blaylock left on Wednesday for Austin where she will be employed as a stenographer with the Lower Colorado Authority.

TRUSTEES ARE NAMED BY SCHOOL DISTRICTS

Through laborous process neccessitated by confusion resulting from slow returns and scattered envelopes The Herald presents this week a detail report of the school trustee elections held in Milam County on Saturday, April 4. The paper does not vouch for the absolute accuracy of these returns but believes they indicate the results of the election.

No election was held at Salem. There are 54 Common School Districts and 6 Independent Districts in Milam County. Common district returns are made to the County Judge and others, including the county board, are made to the superintendent. The tabulation is as follows:

"THE PRINCE AND THE PAUPER"

Mark Twain

The story "The Prince and the Pauper" takes place in England in the second quarter of the sixteenth century. It is the story of an adventure that might have happened.

The main characters are Tom Canty a poor boy from the slums of London, and Edward Tudor, the Prince of Wales. The boys were of the same age and looked exactly alike, but they led very different lives. Tom Canty wanted more than anything else to see a prince. One day he went to the palace gates and peeped in, hoping to see the Prince of Wales. The sentinel at the gate boxed Tom's ears, but the young Prince, who was in the garden, took him to his apartments. For a joke they exchanged clothes. They looked so much alike that everyone thought that the Prince was Tom, and that Tom was the Prince. What happened next makes a very interesting story that anyone will enjoy reading.

Marian Hall, 6-C.

* * *

"CORONADO'S CHILDREN"

J. Frank Dobie

"Coronado's Children" is an interesting book written to give us an idea of some of the old mines and buried treasures that are in Texas. It tells of the adventurers who went in search of fabled wealth, how they did or did not find it, and of the many hardships they endured. Most of the time some traveler passing over the spot where the treasure was buried, accidentally stumbled over it, while others in search of it never found it.

To me the most interesting of all the lost mines was the San Saba mine that men have searched for years for. James Bowie is supposed to have worked in it at one time.

—J. B. Sanders, 7-C.

BURGESS BIRD BOOK FOR CHILDREN

Thornton W. Burgess

The Bird Book would lighten the heart of any child to read for Mr. Burgess writes this story of birds in conversation form. It is educational as well as amusing because it tells the appearance and habits of most birds.

Jenny Wren, Peter Rabbit, and Grandfather Frog are some of the principal cahracters. Once Peter Rabbit was visiting Jenny Wren. Jenny had just arrived from her winter home and was about to go to her old bird box in the orchard, when Peter told her that Bully Sparrow was occupying it. If you will read the book you will find how Jenny settled the matter.

—Wayland Kidd, 6-C.

o

NEW TEXAS ALMANAC

The book of 100,000 facts—the 1936 edition of the Texas Almanac—is just off the press. It is the largest volume in the history of this publication—a total of 512 pages, on better grade of paper and more profusely illustrated. The 1936 book, although designated as the "Centennial Edition" and compiled in tribute to the grand celebration in Texas this year, misses only twenty-one years of reaching its own centennial year, having first been issued in 1857 by the Galveston News, the parent organization of The Dallas News, its present publishers.

While much new material if historical nature is included in the new issue, none of the chapters that has made The Texas Almanac the standard reference book of Texas in the past has been omitted. The names of several thousand individuals appear in its pages.

Features of the current issue include an extensive description of the Texas Centennial, including celebrations at Dallas and other points in the State, an outline of the history of Texas from its beginnings to the present, an illustrated chapter on the wild flowers of Texas, lists of the different kinds of trees and wild animals found in Texas, extensive lists of historic old towns and origins of names of Texas towns, a text of the State Constitution with all its amendments and brief account of submission of all adopted amendments since adoption of the Constitution, and the new farm census figures of 1935. There is much of interest for the coming political campaign, including the current poll tax payments by counties. All figures on State, county and city bonded debt are brought up to date. There are several chapters devoted to points of interest for the Centennial tourist in Texas, and a new map made in four colors especially for this edition of the Texas Almanac,entitled "Texas for Tourists," is folded between the leaves of each volume.

There are more than 100,000 facts about the history, natural resources, crops, livestock, industries, commerce, transportation, finance, government, politics, educational system, cultural institutions and other phases of Texas economic, political and social development.

The Texas Almanac, always in demand by business and professional men and women and students in the Lone Star State, will be more in demand this year than ever before. Texas history is more glammorous and richly appealing on the State's 100th birthday. Thousands of out-of-state visitors and newcomers will find this birthday edition particularly acceptable. No individual or organization is so thoroughly equipped to present in book form a compendium of , Texas data. Facts and figures come from all parts of the state to find, in well edited form, their niche in this widely demanded handbook on Texas—its past, present and future.

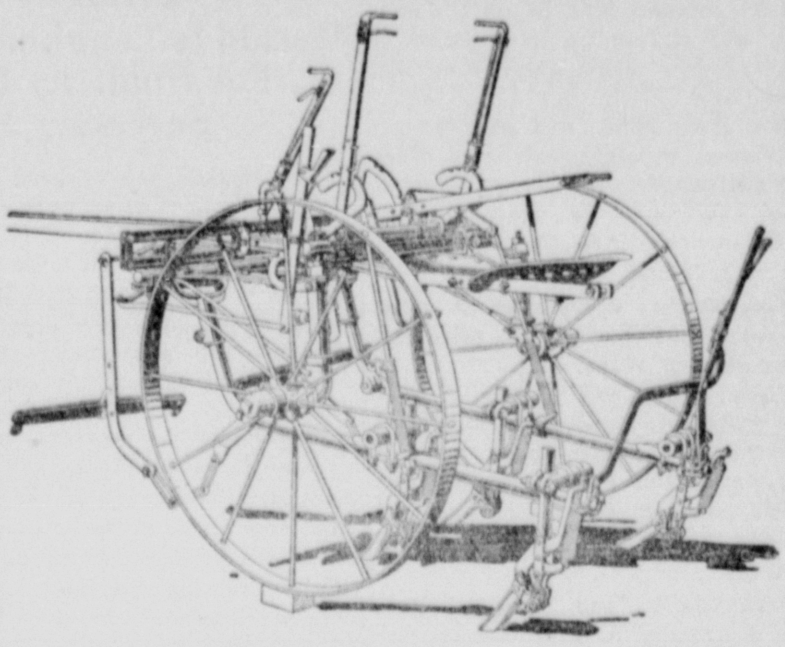
John Deere KL Cultivator



THE STRONGLY-BUILT CULTIVATOR THAT DOES GOOD WORK IN NARROW OR WIDE ROWS

JOHN DEERE MOLINE, ILL.

The John Deere KL is just the right cultivator for you if you want one cultivator that will do high quality work in a variety of row crops. It can be quickly and easily adjusted to any width of row from 30 to 48 inches.

You will like the easy handling of the KL. You can quickly raise or lower rigs, fix depth, space rigs, regulate shovels or sweeps, and dodge in crooked rows—from the seat, without stopping the team. The John Deere lever spread arch holds the rigs rigidly at the width set with the lever.

You'll like the sturdy construction of the KL—axle parts are heavy and strong; the frame holds its shape—will not sag.

Be ready with a new KL this season.

ATTENTION

FARMERS

LAND OWNERS

In an effort to get a cash market for crops grown on government land, we have succeeded in getting a guaranteed outlet for dry black eye peas. These peas are to be bought by us during July and on until the last of September.

The minimum price for black eyes shelled and delivered to our place of business will be 2 cents.

We agree to take all black eyes free from vermin and 100% pure as to variety. We cannot buy mixed peas on a guaranteed basis at that time. We are therefore urging you to lend your efforts to producing dry black eye peas. If we get a good response to our efforts in this direction, we will install a pea thresher.

Let us have your decision in the next week or ten days by coming in and registering the number of acres you intend to plant in black eye peas.

Herald Is Thanked For Publicity By Secretary Paden

The Herald has received the following communication from Secretary Paden of the Chamber of Commerce:

"We are conversant with the part the Herald, in common with the Press of the State, has in the upbuilding of the communities covered by their circulation and we wish to compliment you for your work in this section.

"Especially do we wish to thank you for the splendid publicity you have given our organization the past year, and which we feel sure you will continue to contribute through the coming year and the years to follow.

"Your contributions have been of material assistance to us, and not only to us but to the City of Cameron and to Milam county in general. We desire to express our sincere appreciation for the help you have given us."

Mrs. J. T. Harrigan Dies In Chicago

News has been received in Cameron of the death of Mrs. J. T. Harrigan of Chicago, by Mrs. Ertelle Mitchell, a cousin.

Mrs. Harrigan was the former Miss Vivian Bowen and lived in Rockdale. She was a niece of the late J. T. Westmoreland, well known pioneer Cameron citizen who died in 1935.

Friends here will be grieved to learn of the death of Mrs. Harrigan.

o

Mr. and Mrs. Leo Laake and Mr. and Mrs. Earl Peck made a business trip to Waco Friday evening.

FARM CLUB NEWS

Footprints are on the sands of time in Milam County, according to yard improvement work conducted by home demonstration club members since the fall of 1931. In making the farm homes a more attractive place to live by planting trees, shrubs, grass, roses and flowers is evident as one passes through the country.

The five-year program has resulted in the following improvements.

22,761 Nursery shrubs planted.
21,913 Native shrubs planted.
2199 native trees.
30 rose gardens.
124 walks built.
598 roses planted.
290 lawns sodded.
405 cutting beds made.
39,599 shrub cuttings rooted for home plantings.

Other improvements include:

14 walks built.
44 fences added.
40 gates.
17 houses underpinned.
79 sanitary toilets added.
9 doorsteps.

Besides home improvements, a marked interest in civic improvements noted from the planting and planting of 15 school grounds; 2 church and cemetary yards, one park and the court house grounds.

ATTENTION

$1.50 Per Month Protects the Entire Family

The Commercial Union Life Insurance Company
Home Office: 121-123 South 8th Street, Waco, Texas

There are no assessments nor fees of any kind
But Simply this payment of $1.50 per month.

We furnish to a selected class of people from 3 to 55 years of age insurance at the lowest possible cost consistent with good business management.

HERE IS OUR PLAN

For example: If the family is composed of four individuals and one dies there will be paid to the beneficiary one-fourth of the capital amount of $1,000.00 or $250.00. However, there remains still the coverage of one thousand dollars on the remaining members of the family. If another member of the family dies, there will be paid to the beneficiary one-third of the capital amount of $1,000.00 or $333.33, but as before one thousand dollars coverage is still on the family. Then if a third member of the family dies, the beneficiary would receive one-half of the capital amount of $1,000.00 or $500.00, but still there is the full one thousand dollars insurance on the remainder of the family. Then, if and when, the surviving member of the family dies there will be paid to the beneficiary the entire capital sum of $1,000.00.

VALUE OF $1,000.00 POLICY WITH FOUR INSURED

First Death	$ 250.00
Second Death	$ 333.33
Third Death	$ 500.00
Fourth Death	$1,000.00
Total Value of This Policy	$2,083.33

When the total amount has been paid on the policy, the total benefits paid would amount to $2,083.33.

This Company is operating under the supervision of the Department of Insurance of the State of Texas and has made the deposit required by the laws of the state of Texas for the protection of its policyholders.

PALATABLE COOKING

HOW would you like to see your next big company dinner emerge from the range done to a queen's taste? Get one of these ultra-modern gas ranges and let your ideal of a grand dinner be transformed into glorious realization!

Gas, you know, is recognized as having no equal as a clean, uniform, dependable and precisely regulated fuel for cooking. And in a thoroughly modern range like the one pictured, it will enable you to achieve cooking results scarcely dreamed of a few years ago. Perfect control of heat makes possible waterless cooking that preserves vitamins and minerals. Extra-heavy, heat-retaining oven insulation and heat control give oven dishes almost unbelievable success. Improved broiler, burners, automatic lighting, scientific design and other features contribute further in making the modern gas range a revelation in cooking appliances. See these ranges today and find out about monthly terms that make one so easy to own.

Walker

(Continued from page 1)

ground Mr. Walker is an outstanding Milam county citizen and along with thousands of others is celebrating Texas' Centennial with pride in the possession of a heritage rich in achievement.

Mr. Walker is a life long Democrat and has expressed his interest in the party by actvie suport of its nominees at all times and working for its success.

In the primary campaign of July, 1934 he was picked by the people for the run off primary from four strong candidates and was defeated for the nomination by only 17 votes.

Mr. Walker is an expert mathematician and was county surveyor of Milam county for 6 years. He is also a licensed land surveyor. So proficient is Mr. Walker in mathematics that he scored one of the highest grades in the severe test for license to become a state surveyor. Mr. Walker by reason of his work here knows intimately the original surveys of the county, knows land and land values and the geography of the county. His friends point out that among his other qualifications this knowledge would enable him to serve with greater efficiency as Assessor and Collector of Taxes.

Mr. Walker has announced on the same platform as in 1934. This platform is: Courtesy, Promptness, Efficiency and Honesty in office. He seeks the nomination for this office solely upon his own merits, believing in his ability to bring to the county government a quality of service the people deserve in this important place.

Although he has rendered conspicuous service to the county with a record unsurpassed, Mr. Walker is asking his first term in any salaried or fee basis office, consecutive or otherwise. He has never held a salaried office nor an office from which fees in the ordinary term were the basis of compensation. In this regard, his friends point out, his candidacy is an appealing bid for well deserved recognition.

Aside from his work as a surveyor, Mr. Walker has a hobby. He likes baseball and plays it well. For several years he has been a star outfielded and manager of the Comet team and this year has entered with the team in the Central Texas cup race. In another field of pleasure, Mr. Walker finds much enjoyment. He has in time owned and trained some of the best Walker Fox Hounds in the state. Recently he lost a prize packer and found him near Goliad in South Texas. He is looking forward with interest to the program at the Cameron Theatre on Tuesday April 21 when "The Voice of Bugle Ann"—story of a fox hound, will be shown. Lionel Barrymore plays the leading role and Mr. Walker hopes all fox hunters will be able to see this picture.

He plans an active campaign, to see and talk to the voters. He asks his friends to lend their support and to help him with his candidacy in all parts of the county. The only campaign promise he is privileged to make is repayment in service for the confidence invested in him by the people from whom he asks favorable consideration as a canddaite for Assessor and Collector of Taxes.

Commercial Union Places Agents For Group Insurance

Geo C. Riha, district organizer charged with placing agents for the Commercial Union Life Insurance Company, announced local representatives Wednesday to readers of the Herald.

Wm. Strzinek and Leland Green are Cameron agents and T. P. Gunnels and Sterling Gandy are agents at Hanover. Mr. Strzinek has placed a large number of group insurance policies. In all 168 families have been enrolled. A rate of $1.50 per month protects the family.

Lady's Painful Trouble
Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." . . . If Cardui does not help YOU, consult a physician.

is settled, Yoe High might have a football team next fall—and some dependable person should be appointed to order the sweaters—some one who doesn't have too much "business ability."

The team will miss the leadership of Luther Poole next fall as he has lost his captainship. That is the best move Coach Wood has made since spring training began. Poole says he will reform and win the captainship back again. It is a good bet he will get it back but only time will prove the reform part of it.

To say the least, Cameron is still behind the coach—that is, we aren't quite able to "catch up" with him.

A TRIBUTE TO THE FIREMEN

"Now hold on a minute, Mr. Gloryseeker! Do you hear that fire alarm?" "Now is a good chance for you to get a lesson in what real glory is." "Oh, come on, get out of your car; a little water will not hurt you and you won't get burned standing a way out here—yes, that's someone's home going up in flames, but that house next door is safe."

The house next door is safe, because the fire department has reached the scene of the fire and while fighting out the flames of the already diminished house, they have made every effort to prevent the house next door from burning too.

Just watch those men work! Sweating, straining and fighting to save someone's home from those hungry flames—and it is freezing cold, and three o'clock in the morning, but the fire department must act and they ask nothing in return for their services.

The fire department of this city consists of volunteer men—men who save other people's property and ask no compensation. They are ready and will go at any time or when disaster and destruction threatens our community. No matter whether they are sitting at home beside a comfortable fire or enjoying an exciting movie or in worship—the fire alarm is their call—a call that means someone is in distress and needs thei rhelp—and they go.

The City of Cameron may well be proud of its fire department—but does it make any attempt to help? Why, the City Council has to deliberate for hours before a new piece of hose can be bought to replace an old and leaky one, and the thought of appropriating a small fund for the fire department is startling. What the city needs is a fire department composed of "Public Servants"—that is to say, office holders. At least the money problem would be a thing of the past.

Do you know your firemen? Do you appreciate their service to our community? If you are the one who seeks for glory, it might be well for you to take note of the modest fireman—his glory comes from striving to make our city a better place in which to live because he lives in it.

Easter Gifts

(Continued from page 9)

Easter gift to the hospital.

Among the gifts a radio, making two for the hospital and giving the children ample reception facilities for air programs. The visit also included delivery of special Easter baskets, candy and rabbits for the children who are infantile paralysis patients. The letter to Mrs. Clore was an expression of warm thanks from the doctor and from the board of directors.

Citizens of Cameron donated the funds for the radio and other things that made the children happy at Easter time.

Mrs. Clore expressed her thanks to the citizens of Cameron. She was assisted by Miss Lalla Meyers in the accumulation of these gifts.

The radio and Easter baskets were delivered to the hospital in Marlin by Mrs. Clore, Mrs. J. B. White, who assisted in their preparation, and Mrs. Lula Cass Hefley.

Mrs. J. P. Love, head of the Child Welfare Association of Milam County has been successful in getting several children from Milam county in the Marlin Foundation.

Miss Caroline Cheeves is spending the Easter holiday with her mother in Cameron. She attends the University of Arkansas at Fayetteville.

CAMERON MUTUAL CELEBRATES

14th ANNIVERSARY FINDS ASSOCIATION MEETING BETTER INSURANCE DEMANDS AND STRONG IN CASH RESERVES

Success was receiving its just tribute today as Mr. B. V. Roberts and the Cameron Mutual Life Insurance Association heard universal praise from the people and neighbors in business, the occasion being the celebration of the 14th Anniversary of the Association organized in Cameron in 1922.

From many sources came congratulations for the Association that has demonstrated in a big way the possibilities of local insurance. Beginning its Fifteenth year on April 13 the Cameron Mutual surveys its records and its friends are pointing with pride to its achievements. It has placed its policies on the firmest of foundations, accumulated an adequate cash reserve and established a system of rates that bring good insurance within the reach of all. It has eliminated death assessments and dues and provided a series of policies to fit all needs, including group insurance.

Tributes to the success of Mr. Roberts with his Association have come from many sources. The worth of Cameron Mutual to Cameron has been established in many ways. Friends were recalling with favorable comment today that the Association within the fourteen years it has operated, has paid to beneficiaries of its policy holders more than $200,000.00. They also recognize the potential benefits of the Association by pointing to the fact that the Association now has more than $2,500,000.00 in insurance on its books and each policy worth its face value upon issuance and can be paid in full upon proof of death claim. death claim.

The average annual payments to beneficiaries has totalled approximately $15,000.00 and in the past 12 months has amounted to more than $20,000.00. These benefits will increase as the Association maintains its average of increased volume in insurance.

Recognition coming from every section of our city sets a notable example of good will and appreciation for success which has been achieved in large measure by the Cameron Mutual. The future holds greater possibilities for Mr. Roberts and his association and in Cameron has been built a strong and valuable source of protection in life insurance.

Cameron Mutual Made Insurance Possible To Thousands

The Cameron Mutual Life Insurance Association has through its policy of strength and business operation brought the benefits of good insurance within the reach of thousands who otherwise could not carry protection.

While the company is a local mutual aid association, its structure now has made possible an operation similar to the old line companies and is under direct supervision of the State Insurance Department at Austin.

To Mr. Roberts goes the credit for establishing his company upon a safe and solid foundation. This has resulted in wide spread benefits to the people. It has meant the accumulation of an adequate reserve fund of cash in the banks to pay immediately and in full all claims resulting from deaths. It means that insurance can now be obtained at a low rate; that the insurance is both adequate and safe. The company has established rates that means the elimination of assessents and quite within reach of all.

Premiums are payable, monthly, quarterly, semi-annually and annually. They are payable as best suits the insured and there are no death assessments, no joining fees and no annual dues to be paid. Policies are issued in the amounts of $150.00, $250.00, $500.00, $1,000.00, $1500.00 and $2000.00 and all are worth their face value immediately upon issuance. The new and greater Cameron Mutual Insurance Association thus becomes an indespensible asset to Cameron and to the territory it serves and as a result of these benefits through 14 years, its growth has been rapid and the future is bright for Mr. Roberts and his company.

$20,525 IN BENEFITS IS PAID IN ONE YEAR

Twenty-seven death claims have been paid immediately upon proof of death by the Cameron Mutual Life Insurance Association of Cameron, according to B. V. Roberts, secretary and owner of the company, now celebrating its fourteenth year in business.

These claims are up to March 19, 1936, and cover the 1935 period. These claims total $20,525.00 and are distributed with the Cameron trade territory to a large extent emphasizing the benefits of the local mutual aid plan.

In all since its organization the Cameron Mutual has paid out more than $200,000.00 in claims to beneficiaries of it spolicy holders.

Mr. Roberts has made rapid progress in making secure and strong his company so that all claims are now paid immediately upon proof of death from the adequate reserve funds carried in local banks to secure policy holders and their beneficiaries.

We Thank You

In observing our 14th Anniversary our first thoughts are of the thousands of our policy holders whose faith and confidence in the integrity and safety of our contracts have made possible our growth and development. In these Fourteen Years it has been the privilege of the officers and directors of this Insurance Association to serve and to protect investors in its insurance policies.

The record has been Fourteen Years of adhering to strict business principles and never forgetting the responsibility the Association owes to its great family of insured. There has been no period in which the policies of this Association have lacked sound management so necessary to insure success, nor has there been a time when we did not have the confidence and the support of our policy holders.

In entering upon our 15th Year, we do so with a greater Insurance Association, strong in its volume of insurance, with adequate rates and cash reserves to guarantee the payment of all claims by beneficiaries, and at the same time offering insurability to thousands who cannot pay the higher brackets of insurance tolls from other sources.

We want each one of our Policy Holders everywhere to know that we are more than grateful for their support and we are happy to announce to them a greater Cameron Mutual with full protection and guarantees of safety, soundness and business administration of its affairs.

We invite others to become policy holders with us for their own security against the day of great need.

Gratefully,
B. V. ROBERTS, Secretary and Director,
Cameron Mutual Life Insurance Association.

Thanks To You

We sincerely appreciate the good will and the co-operation of our friends in business who have paid for spaces in this edition to express their confidence in and to congratulate Cameron Mutual Life Insurance Association on its success and observance of its 14th Anniversary.

To thus merit the esteem of our neighbors in business, we could place among our greatest assets along with the confidence of our policy holders. Cameron Mutual in the future, as in the past, will strive to merit the continued good will of those with whom it has been privileged to serve in our common task of building our city and county.

To each of the firms who have co-operated in this tribute to us, we extend our sincere thanks.

CAMERON MUTUAL LIFE INSURANCE ASSOCIATION
B. V. Roberts, Secretary

Group Insurance Is Now Written By The Cameron Mutual

Group insurance is now being written by the Cameron Mutual Life Insurance Association, insuring the entire family.

This plan of protection has spread rapidly within the past few years and all large companies are now writing these policies. A big feature of the group policy is its economy and convenience as well as safety to investors in its benefits.

Upon the books of the company a large volume of group insurance is now being carried.

The Cameron Mutual now has in force more than $2,500,000.00 in insurance and has paid to beneficiaries of its policy holders in 14 years more than $200,000.00.

Cameron Mutual Organized in 1922

In April, 1922, a group of business men in Cameron in association with Mr. C. W. L. Schaeg, now of San Antonio, organized the Cameron Mutual Life Insurance Association.

In April, 1936, the Cameron Mutual celebrates its 14th Anniversary and is receiving the congratulations of thousands of policy holders and neighbors in business who appreciate the record it has made in service in the field of insurance.

The Cameron Mutual Life Insurance Association in its early history overcame the handicaps of early beginnings and has steadfastly grown in these years until today it takes rank among the great Mutual Companies of Texas with sound rates and adequate cash reserves; more than $2,500,000.00 insurance in force and a record of having paid to the beneficiaries of its policy holders more than $200,000.00.

Success has thus crowned the efforts of those who first visualized the benefits of a local mutual aid association to bring insurance protection to many who could not pay the higher rates in other companies.

Chiefly responsible for the growth and success of Cameron Mutual has been the character of business men identified with the management and the safe and sound principles upon which its affairs have been conducted. These principles have been primarily and are to this day primarily those which consider policy holders first and fulfillment of its contracts and obligations.

Since its founding in 1922 there has been no change in its official family with the exception of the lamentable death of the late beloved Dr. T. J. Denson, who served as its first president and who was succeeded by Mr. W. O. Triggs, a well known and highly esteemed business man of Cameron. Mr. C. W. L. Schaeg retired as owner of the assets of the company when it was purchased by Mr. Triggs who later sold the company to Mr. B. V. Roberts, its present owner and secretary, whose fine efforts have contributed so much to the present day great Cameron Mutual Life Insurance Association.

The present directors are the same as those who first founded the Association. They are: Penn Wolf, Vice President and Director; Henry M. Hefley, Vice President and Cashier of the First National Bank, Director; Robert McLane of the McLane Wholesale Grocery Company, Director, and J. B. White, editor and publisher of the Cameron Herald, Director.

In the changes incident to the transfer of the property from Mr. Triggs to B. V. Roberts there were added to the organization other business men.

Mr. Triggs is the president and a director of the Cameron Mutual and gives the affairs of the Company the attention made necessary by his position in the personnel of its official family.

Walter B. Smith of Rockdale, is assistant secretary and director of the Association . He has given much attention and has brought to its management a wealth of business experience and the confidence of the business world.

Mr. Roberts who is now receiving the congratulations of the big family of policy holders, is Secretary and a Director and owner of the company. His position with the Association has covered a period of great expansion and progress. The present Association with its great volume of insurance, its great record of payment of benefits and solid foundation and bright future are achievements Mr. Roberts has been able to link with the Cameron Mutual Life Insurance Association that from humble beginnings in 1922 ranks in 1936 with the great Associations of Texas and one of the biggest assets of Cameron.

A TRIBUTE Well Deserved

Cameron Mutual Life Insurance Association and its secretary, B. V. Roberts, are receiving on the occasion of its 14th Anniversary the congratulations of neighbors in business and of policy holders and the public in general.

This tribute to Mr. Roberts and the success of the Association is well deserved. Cameron Mutual has brought many benefits to Cameron and has served well in the field of insurance as evidenced by its payment of more than $200,000.00 to beneficiaries of its policy holders. Its merit is proven by the fact that more than $2,500,000 in insurance is now in force through its contracts.

Citizens National Bank recognizes the business management of the Company and joins others in extending to Mr. Roberts and Cameron Mutual hearty congratulations and generous commendation for this example of success.

CITIZENS NATIONAL BANK

AVIATOR IS BURIED IN THORNDALE SUNDAY

Funeral services for Browne Clement were held from the residence in Thorndale Sunday afternoon. Hundreds from all sections of Milam county attended.

Lieut. Clement, an army aviator, was killed in California, Saturday, April 4th, in a freak accident when the propeller of his ship cast off and tore away a wing of his plane. He was flying in a formation of 12 planes when the accident occured.

The casket holding the body of the dead aviator lay in the home banked with flowers, the array of which overflowed the room and lay in colorful tribute through the hallways. Two American flags were draped over the casket upon which lay a remnant of flowers from the bridal boquet brought from California by his widow. They were married eight days before the fatal crash.

When the body was taken to the cemetery a convoy of five planes began memorial maneuvers flying in the famous army V formation with a place in that formation left vacant in memory of the dead comrade who was being laid away in the soil of his native city.

The planes continued to cruise with their broken rank flying low and slow over the burial scene below. When the funeral ended they broke the memorial and in a deployed formation headed south to the airport at Randolph Field San Antonio.

Mrs. Clement before her marriage was Miss Butcher. She lived in Ohio and was accompanied from California by her brother. After a brief visit the widow and brother will go back to Ohio.

Rev. Willis of the Methodist church conducted the services in the home and at the grave.

French Coin Found In Indian Camp In Milam County

A French coin bearing the head of Napoleon the Third the date of which is too obscure to ascertain, was found in an Indian camp on the Frank Boggan farm between Liberty and Cannon Snap creeks in Milam county.

G. D. Kornegay, collector, exhibited the coin in Cameron Saturday. A portion of the coin had been battered as if an attempt had been made to make of it an ear pendant.

Chevrolet Breaks All Recorrds With 126,119 Deliveries

Chevrolet broke all selling records during the month of March, it was announced here Monday by R. G. Grabein of the Grabein Chevrolet Company upon receipt of a telegram from John E. Johnson, regional sales manager of Dallas.

In part the message from the factory to Mr. Johnson said: "Please tell every man in your organization and every dealer that Chevrolet broke all selling records for a single month in March with 126,119 retail deliveries. This is the most outstanding record ever made by Chevrolet men and will go down in history as the most remarkable sales record ever made."

Grabein Chevrolet Company shared in a big way in this program to give the Chevrolet the greatest sales record in history. Chevrolet is finding an ever widening approval in Milam county.

tion, and is an interesting study of contrasts. There is something alluring in the picture of the Texas cowboy, rounding up his cattle in the shadow of the skyscrapers.

* * *

The first robin comes as he pleases and not according to schedule. The crocus and the dogwood, the pussywillows and the cowslips wait for the warming sunshine of many days before assuring a waiting world that spring is here. But the baseball boys of the major leagues come back on time.

The country comes out of its hibernation and surveys with an appraising eye the signs and portents. The country adopts for the season a new language, strange to the eyes and ears of the uninitiated, but eloquent and euphonious to the knowing. The school boys begin to calculate in percentage and the dullest make themselves proficient. There are disputations without end or decision about the relative merits of teams and players. Babe Ruth reigns again in the hearts and minds of the young generation.

But this is all on the academic side. Practically, the day means the ushering in of the season out of doors of American youth, and there comes again to the seething surface the zest, the enthusiasm, the hopes, the faith of the boy and the youth in his own prowess. It's a great day!

* * *

It is easy to recognize the sucker. His wail always begins: "The man said."

Few people can say no, and maybe you missed many a kiss for the want of the nerve to ask for it.

Yes, age brings wisdom; but never yet has it changed a young nit-wit to anything but an old nit-wit.

Mussolini's idea is to improve the Ethiopians. An improved Ethiopian is one who says: "Yassuh, Boss."

It isn't what you do that matters, but doing the particular thing that is necessary to your self-respect.

You must win the prize in order to learn that it isn't worth the effort. But the philosopher knows that without so much hard work.

FIRST SPIRITUALIST CHURCH

A two day Mass Meeting will be held at the first spiritualist church on Saturday and Monday, April 18 and 19. At this time all of the officers and directors of the State Spiritualist Association are expected to be in Cameron. There will be mediums here from Houston, San Antonio, Austin, Taylor and Fort Worth to take part on the program arranged for two days. There will be services saturday evening at 8 o'clock Sunday morning at 10 o'clock, Sunday afternoon at 2 o'clock and Sunday evening at 8 o'clock. The Ladies Aid members are sponsoring a luncheon at the Church Sunday at noon. The public is cordially invited to attend any or all services during the two days.

Congratulations

Mr. B. V. Roberts and the Cameron Mutual Life Insurance Association.

Mr. Roberts and his Association have demonstrated in a big way that great benefits come from collective community effort. This is demonstrated not only in the insurance of more than $2,500,000.00 it now carries for policy holders, but in the payment of more than $200,000.00 to beneficiaries since its founding in 1922.

Congratulations and may the future find us all showing our appreciation for this good Association.

TEN THOUSAND LITTLE 'TAXES' YOU NEED NOT PAY THANKS TO THE Conservador

THE CONSERVADOR is a shelf-lined inner door behind the main door, for storing most frequently used foods. It keeps the warm air out and the cold air in the main compartment when you open the outer door to get frequently used food items. It banishes the countless little tax penalties of the open door.

Open the door of any ordinary refrigerator. Out rushes the cold air. On goes the motor. Up goes your electric bill—10,000 times a year!

But not so with the new Fairbanks-Morse Refrigerator — thanks to its exclusive, patented CONSERVADOR, latest triumph of America's oldest engineering organization. No other improvement ever made in refrigeration means so much to your purse. Be fair to yourself. See the CONSERVADOR before you buy any refrigerator. Instead of costing you more—it saves money for you—year after year. Let us prove it.

Congratulations

To Mr. B. V. Roberts and the Cameron Mutual Life Insurance Association on the Observance of their 14th Anniversary.

The successful always deserve and should receive our hearty congratulations. Doubly so when that success implies such a fine example of service as has been rendered by Mr. B. V. Roberts and his Cameron Hutual Life Insurance Association.

Now celebrating its 14th Anniversary Cameron Mutual has proven its worth by the payment of more than $200,000.00 to beneficiaries of its policy holders and affording protection to many at a cost they could afford to pay.

Congratulations on your Anniversary and may the future bring you greater opportunity and success.

NEW LIGHT RATES SAVE CITY $3,100

Energy now being used by the people of Cameron will be billed on the new reduced residential and commercial lighting rates of the Texas Power & Light Company, F. E. Woodruff, district manager of the company, announced today. Mr. Woodruff said that the saving to the people of Cameron will amount to $3,100.00 annually.

"One of the main features of the new rates is the doing away with the old room count rate," Mr. Woodruff said. "At the request of the City Commission, the old residential optional-type rate was continued. The reason for this optional rate is to provide cheaper energy for the users of very small quantities of electric service. The new rate to take the place of the old room count rate cuts the initial energy rate from 6 cents to five cents per kilowat hour and provides additional low steps of 4, 3, and 2 cents per kilowat hour with a payment of 2 1-2 cents per day flat charge."

A corresponding reduction has been made in the rates for commercial lighting, Mr. Woodruff said.

These cuts in rates, together with previous reductions have reduced the average cost per kilowat hour of residential lighting service in Cameron over 50 per cent since 1925. Reductions in commercial lighting rates amount to more than 45 per cent.

Keep a Good Laxative
always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. . . "We have used Thedford's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results."

Sold in 25-cent packages.

Marak Community Gives $32.00 For Flood Relief Fund

Citizens of the Marak community have contributed $32.00 to the flood relief fund of the American Red Cross it became known Monday when F. E. Woodruff, roll call chairman received a check in this amount from Father K. Kacer of the St. Cyril church.

This is the largest contribution made by any community in the county and Mr. Woodruff expressed his appreciation for this fine example.

Hardin Pollard Goes With Longhorn Band On Centennial Trip

Charles Hardin Pollard, engineering student in the Uniersity of Texas, will make a ten day trip over the United States with the Texas Longhorn Band to advertise the Texas Centennial.

News of his trip reached here this week in a letter to Frank Newton of Schriener Institute who was home for the week end.

Pollard is a former pupil of Frances Cox in Cameron and was chosen over a number of Trombone players to make the trip. He is a Freshman in the University. The main broadcast of the Longhorn band will be from Radio City in New York.

Herald extends congratulations to this former Cameron boy on his success.

Billy Gillis, student of Schriener Institute, Kerrville, spent the Easter holidays in Cameron with his parents Judge and Mrs. W. G. Gillis.

T. A. Fisher of Austin was a business visitor in Cameron last week Mr. Fisher was a former school superintendent of the Cameron schools.

John Watson, a student of the University of Texas, Austin, visited with his parents, **Mr. and Mrs. John Watson**, during the Easter holiday.

POWER COMPANY HERE SOON TO SERVE MILANO

The Texas Power and Light Company is rapidly completing the construction of a line to serve Milano. Service will be on this month, possibly by the 20th, it was announced Monday by F. E. Woodruff, district manager for the company here.

With electric service an accomplished fact a need will be satisfied that has been felt for some ten or more years. Some 40 people will immediately avail themselves of the service within the town of Milano and various farmers along the route will also have for the first time the benefits of electric service on their farms.

Milano is the second of the smaller communities to be served since the first of the year by the Texas Power and Light Company's rural program.

Several other projects are being pushed to completion among which are Marak and Yarrelton, Sharp and Tracy lines as well as others of similar nature.

CAMERON BAND TO WACO CONTEST

The Cameron band composed of 52 members and under the direction of Francis Cox, will leave Friday morning for Waco, where they will enter the Texas band contest of the Eastern division, April 17-18.

The local band in 1933 entered the state band contest as a municipal band and was composed of only 34 members at that time. It won first place and received a silver loving cup that year in the one year municipal class, making a score of 91 points. This was the highest score made in any class. Again in 1934 this band won first place in the two year class and was given 92 1-2 points.

In 1935 the local placed in the class of excellent under the new rating of which there were five, viz: Class Superior, Excellent, Good, Average and below average. It also placed in excellent in drilling and drum major.

The Cameron Band will go to San Antonio for a contest April 23 and 24 during the Battle of Flowers.

Sheriff Max Kennedy arrested Frank Patterson, a negro of San Antonio, and placed him in jail here Thursday. Patterson is charged with stealing a leather jacket from Albert Black of Milano.

Mrs. Grady Almon and daughters, Lelia Bell, Marjorie, Dorothy and Edith Marie Almon, of Dallas spent Easter holidays in Cameron with Mrs. Almon's parents, Mr. and Mrs. J. H. McLerran.

Electricity is Cheaper
TP&L ANNOUNCES

ANOTHER RATE REDUCTION!

(NO MORE ROOM COUNT)

"WE join you in welcoming this New Rate Reduction," says the Watts Family. "It lowers the cost of our services to every residential customer in Cameron. It does away with the Room Count feature of the old rate. It adds over $3,100.00 to the yearly savings local people have realized on their electric service.

"This makes us happy. We can work longer hours for you at lower pay per hour. We can do more work for less money. We can light your home . . wash and iron . . cook by a lot of different methods . . refrigerate your food . . cool your home (air condition it, too) . . sweep rugs, clean furniture and keep correct time. All for less than you have paid before. This means that you can use us now in some ways you have not felt you could afford."

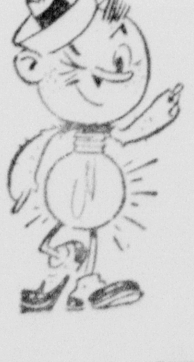
How the New Reduced Rates Affect Various Customers

20 KILOWATT-HOURS
20 kilowatt-hours per month in a five-room house under the old rate cost $1.90; under the New Reduced Rate 20 kilowatt-hours per month will cost but $1.75. For this use of electricity the residential customer may save 15 cents per month, or he may use 15% more electricity without increasing his former cost.

40 KILOWATT-HOURS
40 kilowatt-hours per month in a five-room house under the old rate cost $2.90; under the New Reduced rate 40 kilowatt-hours per month will cost but $2.75. For this use of electricity the residential customer may save 15 cents per month, or he may use 7.5% more electricity without increasing his former cost.

75 KILOWATT-HOURS
75 kilowatt-hours per month in a five-room house under the old rate cost $4.65; under the New Reduced rate 75 kilowatt-hours per month will cost but $4.25. For this use of electricity the residential customer may save 40 cents per month, or he may use 13% more electricity without increasing his former cost.

200 KILOWATT-HOURS
200 kilowatt-hours per month in a five-room house under the old rate cost $8.30; under the New Reduced rate 200 kilowatt-hours per month will cost but $7.75. For this use of electricity the residential customer may save 55 cents per month, or he may use 14% more electricity without increasing his former cost.



"*Remember this* . . . Regardless of the size house in which you live, you will realize a definite monthly saving because of this New Reduced Rate. It applies on your next electric service bill. I'll be seeing you!"

Texas Power & Light Company

"Use enough electricity for your comfort, health and pleasure . . . it's CHEAPER . . . use it freely!"

Congratulations

to

MR. B. V. ROBERTS

and

Cameron Mutual Life Insurance Asso.

In Celebrating its 14th Anniversary the Cameron Mutual Life Insurance Association observes a record of achievement that calls forth the commendation of the people and its neighbors in business.

We congratulate Mr. Roberts on his success and the success of his Association which since its founding has paid to beneficiaries of its policy holders more than $200,000.00.

Growth and success of the Cameron Mutual is one of the best examples of community progress and we join in extending our best wishes for many more years of service in the field of Insurance Service.

Chamber Commerce President Congratulates Cameron Mutual

President Albert Collins of the Cameron Chamber of Commerce has written a letter of congratulations to Cameron Mutual Life Insurance Association and its Secretary, Mr. B. V. Roberts. In the communication Mr. Collins sets out the record Mr. Roberts and his company has made and expresses the hope that it may continue to benefit Cameron in the future as it has in the 14 years of its existence. The letter follows:

April 13, 1936.

Mr. B. V. Roberts,
Secretary Cameron Mutual Life
Insurance Association,
Cameron, Texas.

Dear Mr. Roberts:

The celebration of your 14th Anniversary brings forcefully to the minds of our people the record Cameron Mutual Life Insurance Association has made in service to its policy holders and as a business institution that has contributed in a definitely beneficial way to the growth and development of Cameron in the last 14 years.

The effort by which the Association was called into existence has been abundantly justified by your fine example of service in the field of insurance. Not only have you paid to the beneficiaries of your policyholders more than $200,000.00 in this period, but you have brought to thousands the benefits of protection at a rate they could best afford to pay, and by so doing you have brought economic benefits to the city and county that otherwise may have been denied.

Chamber of Commerce can find no greater example of success nor a better contribution to the welfare of the city than you and your Association have made. Therefore, it is with a great deal of pleasure that I find opportunity to express at this time what we have all known for several years, that Cameron Mutual is, has been and will continue to be a big asset to our city. We know and desire to express our appreciation for the personal example you have set in our midst as a business man. We know of your fine devotion to the interests of your policy holders and your regard for obligations and responsibilities and we not only congratulate you on the success you have made but we congratulate your policy holders on their medium of insurance protection.

You have demonstrated the feasability of insurance home owned and home directed and have proven that great benefits can come to any community that supports such an institution as Cameron Mutual Life Insurance Association. Cameron needs more institutions like Cameron Mutual in the general scheme of its commercial life, firms that demonstrate by example of service the elements of integrity and success.

Please accept my personal congratulations and that of the Chamber of Commerce on your 14th Anniversary, and may the future enlarge the horizon of opportunity and service for your good and sound insurance Association.

Yours very truly,
ALBERT COLLINS,
President Chamber of
Commerce.

ORGANIZE HERE FOR HIGHWAY NO. 69

A meeting in the interest or highway 69 was held in Cameron on Wednesday afternoon.

Rev. O. C. Acrey, pastor of the Presbyterian church, called the meeting to order at 2:30 o'clock and on behalf of the Chamber of Commerce extended a welcome to those present, and called on John B. Henderson, chairman of the Good Roads Committee, to explain the object of the meeting. Mr. Henderson stated the object of the meeting and offered a tentative suggestion of procedure as follows:

Purpose: To set up an organization to promote the interests of Highway 69 from Wheelock on the east to Florence on the west.

Temporary organization: Elect a chairman and secretary of the meeting.

Permanent organization: Elect a permanent president and secretary to serve the Highway 69 Association of Texas, and to appoint an executive committee on the basis of representation as listed below:

Wheelock 2; Hearne 3; Port Sullivan; Branchville 1; Maysfield 1; Silver City 1; Cameron 3; Sharp 1; Davilla 1; Bartlett 3; Schwertner 2; Jarrell 2; Florence 3; Lampasas 2; the president, vice president and secretary of this organization to be ex-officio members of the executive committee.

An executive committeee to function in the interest of Highway 69, and to meet on call of the President from time to time as the necessity may arise.

Mr. Acrey then called for the nomination of a temporary chairman and Judd G. Davis was nominated and elected by acclamation. J. T. Baldwin was nominated temporary secretary and elected by acclamation.

Judd Davis presiding as temporary chairman, asked for nominations for permanent chairman of the association and R. W. Miller of Bartlett being placed in nomination, was duly elected by acclamation.

Mr. Miller accepted the presidency and called for nomination for vice-president. W. D. Blackstone of Hearne being placed in nomination was elected by acclamation. W. F. Paden of Cameron was elected secretary.

On motion by Mr. Blackstone, the tentative order of business offered by Mr. Henderson was adopted, and the following were named to serve Highway 69 Association as an executive committee:

Lampasas, J. R. Key, J. B. Abney; Florence, John A. Brewster, J. D. Smart, Fred Foster; Jarrell, M. B. Stokes, F. M. Narrison; Schwertner, F. L. Tage; Bartlett, John Lawrence, B. Y. Daniel, Stanton Allen; Davilla, M. A. Heath; Sharp, Judd Davis; Cameron, Jeff T. Kemp, John B. Henderson, J. T. Baldwin; Silver City, J. B. Link; Maysfield, H. L. Yeager; Branchville, W. R. Looney; Port Sullivan, H. V. Harlan; Hearne, Ray L. Moss, J. G. Philen, W. A. Wilkerson; Wheelock, J. J. Schasta, W. L. Hendrick; and President W. R. Miller; Vice President, W. D. Blackstone and Secretary, W. F. Paden.

Talks were made by several present, and it was agreed that an aggressive campaign for the completion of this highway should be started at once.

The following representatives of cities and committees along the route of highway 69 were present for the meeting here Wednesday afternoon:

Florence, John A. Brewster and Fred Foster; Jarrell, Fred M. Hairston, M. B. Stokes; Schwertner, A. Schwertner, H. F. Lannan, F. L. Tagge, R. H. Schwertner; Bartlett, R. W. Miller, John Lawrence, C. C. Lamb, B. Y. Daniel, W. W. Fox, G. C. Kellner, Alfred Wacker, G. C. Ormond; Sharp, Judd Davis, B. N. McBurnett; Hearne, Roy L. Moss, H. W. Wilkerson, W. D. Blackstone, J. T. Hamilton, U. S. Hoyt, Jr., Julia Slagle; Cameron, Jeff T. Kemp, John B. Henderson, F. E. Woodruff, Guy T. Newton, W. F. Paden, W. R. Newton, Sr., Alvin Dusek, B. Slocomb, Geo. Leath, Geo. M. Newton, Grady Stidham, J. T. Baldwin, Jesse James, C. E. Akers, P. S. Graves, O. C. Acrey; Maysfield, A. L. Massengale, J. C. Freeman, E. D. Kelso, H. L. Yager, H. L. Atkinson, T. W. Linam, Walter White, Harmon Thweatt, Tom Floyd, John Kennon, J. T. Thweatt; Port Sullivan, H. V. Harlan; Branchville, W. R. Looney, Troy Cooper, Roy Yates; Silver City, J. D. Link, Roger Delahunty.

Congratulations

To Mr. B. V. Roberts and the Cameron Mutual Life Insurance Association, we extend our sincere congratulations on the observance of its 14th Anniversary.

Fourteen years ago Cameron Mutual was organized. In that time it has proven beneficial to many and has paid to beneficiaries of its policy holders more than $200,000.00.

From its record it may be seen that Cameron Mutual has played a very definite part in the progress of our city and is an institution of which the city should be justly proud and we join with our neighbors in business in commending this fine example of service and success.

PARENT-TEACHERS MEET ON THURSDAY

The Parent-Teachers' Association of this city met on Thursday afternoon, with 75 or more teachers and parents in attendance.

The second grade won the prize of this meeting for having the most mothers present.

The program for the afternoon was as follows: Rythm band under the direction of Miss Emma Pearl Clement; piano solo by Miss Katherine Monroe; a two-act play by a group of fifth grade boys under the direction of Miss Ruth Mantor; piano solo Miss Elizabeth Sprott; talk by Mrs. Kathryn K. Robbins.

During the business session, Mrs. W. R. Newton, Sr., was appointed as chairman for the summer round-up for children.

At the conclusion of the meeting, the parents and teachers adjourned to the dining room of the Yoe High school and were served a salad plate with iced tea. Bowls of roses were placed as a center piece on the dining table, which was covered with a lace cover.

Officers of the Parent-Teacher Organization this year are: Mrs. John Ryan, president; Mrs. Grady Stidham, vice president; Mrs. Bennie Winfield, secretary; and Mrs. Kathryn K. Robbins, treasurer. The program committee is composed of Mrs. Hilry Stedman, chairman; Mrs. F. R. Dunlap, and Mrs. B. P. Matocha. Mrs. Julian Baskin is social committee chairman.

COUNTY NURSE IN MONTHLY REPROT

During the month of March I visited all of the Home Demonstration Clubs. As it was health month we discussed health in general and the sanitary condition of the county.

I want to thank Miss Strange and all the club members for their splendid co-operation and interest they gave me. Also met with Hoyte teachers and some of the P. T. A. members and Jones Prairie school.

In all met with 266 adults. Have done very little school work. No general school inspection.

Made ten school visits. Visited 25 school children. One school child taken to the doctor.

150 visits made, which include visits to infants, pre-school, crippled children, prenatal cases, tuberculosis patients and social service. Have had 44 office visits. To a very sick patient have loaned linen and other articles from our loan closet. Also a cot and mattress given. Four doctors have co-operated and given their services.

PEARL FULCROD, R. N.
Public Health Nurse.

Colored Nurse Gives Report On Work Done In County

Report of Health Work done in Milam County February 1st to March 16th, 1936. Annie Maie Mathes, State Itenerant Nurse, State Department of Health.

Communities visited	22
Visits to schools	25
School children inspected by nurse	501
Defects found among school children	459
Defective children	295
Children weighed	271
Total number school children weighed, measured and inspected	772
Health demonstrations given to children	5
Corrections noted on school children	25
10% or more underweight	202
Health talks given children	17
Home visits	11
Junior Health Clubs organganized in schools	2
Students enrolled	60
Health Clubs visited	4
Classes held with Health Clubs	12
Adult Health Clubs	4
Classes Held with adults	4

Infant and Preschool Work

Conferences held	4
Infants and preschool inspected	44
Found defective	26
Home visits	20
Conferences held with parents	17
Parents Present	97

Prenatal Work

Prenatal cases located and seen	17
Home visits	4
Pieces of literature given out	57
Committee meetings held	1

The nurse was assisted with the work through the co-operation of City and County Superintendents, County Health Officer, Milam County Public Health Nursing Service, City and County teachers, Jeans Teacher, Home Economic Department and City Clubs.

A followup on health among Milam County negroes shows the following: An adult health club working in the interest of health for 4 years. A junior Health Club in the City School of Cameron, Texas. This club has done health work in the school and the city of Cameron. Much interest in health was shown in Rockdale. On the whole county program much improvement in health has been done within the last four years.

The Association and Mr. Roberts have demonstrated in many ways their value to Cameron and are deserving of this tribute and the support of our people.

Coleman Furniture Company

GULF INSECT SPRAY FROM RED DAISIES

Strange as it may seem, a beautiful red daisy closely related to our common field daisy with its orange disc center and white petals (she loves me—she loves me not) is the deadliest enemy of house flies, mosquitoes, moths and other perennial pests. Contact with this colorful field flower instantly gives the insects a nervous breakdown (no fooling!) and within a few seconds, unable to forage for food or water, they starve to death.

"Pyrethum," scientists call the deadly daisy essence, which they now use as a powerful killing constituent in insect spray. And today when flies or roaches or moths or whatnots get on the harassed housewife's nerves she goes them one better. She flies for the spray gun and gives the flies a swift and deadly case of nervous prostration.

It was a Jugo-Slavish hausfrau who accidentally discovered the insect killing power of the pyrethum daisy when she picked a bouquet of the bright red flowers and put them on a table in the house. Later she noticed a great number of dead insects around the withered bouquet. Subsequently, small European manufacturers ground the flowers into a fine powder and distributed it about the Continent as a dust to be blown at insects by means of small bellows. More recently pyrethum daisy growing has become an agricultural industry in various countries and the Gulf Oil Corporation of Penna.—Gulf Refining Company imports vast quantities of the death-dealing yellow dust for use in insect sprays.

According to Dr. William A. Simanton, entomogolist at Gulf's Research Laboratories, the killing action of pyrethum is very rapid, when mixed in proper quantities with an especially refined hydrocarbon carrier and sprayed as a fine mist into a room or cupboard. When the fine mist comes in contact with an insect, it penetrates into the insect's nervous system, destroying the nerve cells, causing paralysis. Within a few seconds death result sfrom starvation. The organ and functions of insect bodies are decidedly different in many respects from those of the human bodies and those of animals and birds. Hence pyethum, so deadly to flies, mosquitoes, roaches, moths and other insects and their larvae, has no effect on human beings or their pets.

So if the dog or the cat or "the old man" gets on the housewife's nerves, the Gulfspray gun won't do much good.

Farm Loans

Private Money to Loan at low interest rate on improved farm lands.

$740,700 IN LOANS IN MILAM COUNTY

San Antonio, April 14—During the period from May 1, 1933, through December 31, 1935, 256 Federal Land Bank and Land Bank Commissioner loans, amounting to $740,700, were closed in Milam county, according to an announcement made by H. P. Drought, State Director of the National Eergency Council for Texas. Of this number, 89 loans, amounting to $434,900 were made by the Federal Land Bank and 167 loans, amounting to $305,800, were made by the Land Bank Commissioner.

The total amount of loans closed by the Federal Land Bank and Land Bank Commissioner in Texas during the above period was $139,850,750, representing 46,380 individual loans.

On December 31, 1935, Federal Land Bank loans and discounts outstanding in Texas amounted to $219-686,198, and Land Bank Commissioner loans and discounts outstanding amounted to $52,957,534. Outstanding loans and discounts of the Federal Intermediate Credit Bank on December 31, 1935, amounted to $20,-469,715. Production Credit Associations had loans and discounts outstanding in the amount of $6,389,031, and Regional Agricultural Credit Corporations had loans and discounts outstanding in the amount of $3,-471,478.

Loans and discounts of the different agencies of the Farm Credit Administration outstanding on December 31, 1935, throughout the United States were as follows: Federal Land Banks, $2,071,924,721; Land Bank Commissioner $794,726,418; Federal Intermediate Credit Banks, $153,927,910; Production Credit Associations, $96,659,882; Regional Agricutural Credit Corporations $43,-400,186; Emergency Crop Loans, $106,975,648; Drought Relief Loans, $65,513,583.

CONGRATULATIONS

To Mr. B. V. Roberts and Cameron Mutual

To Mr. Roberts for his achievement in giving Cameron a greater Insurance Company and to the Policy Holders who participate in the protective benefits of its insurance contracts, we extend our hearty congratulations.

Cameron needs more institutions like the Cameron Mutual. It has helped to build our city and county and served a very definite purpose in the lives of our people.

The Cameron Herald

Comets Lose in Opening Thriller

The Cameron Comets lost their season's opener in a bitterly fought game to the Eddy Sluggers by a 4 to 3 score at Eddy Sunday. Eddy fans said this was the best played and most thrilling ball game seen in the Eddy park since Eddy has been in the Cen-Tex race. Both Ben Zoch, pitching for Eddy and Heinie Schottle and Lefty Jackson, pitching for the Comets had plenty on the ball and some great fielding by both teams made this a great ball game.

Eddy drew first blood in the second with Miracles single and J. B. Anderson's double counting a tally. Eddy held this one run lead until the fifth when a base on balls to Slough Thompson, a single by Boots Smith and a long home run over the left field wall by Charlie Bell, husky 200 pound Comet catcher gave the Comets a 3 to 1 lead.

In the 7th a single, a base on balls a hit batsman and a double by Lloyd Russell, Eddy shortstop and Star Baylor University athlete, tied the count at three all.

The eighth inning was uneventful but some tough luck kept the Comets from scoring in the ninth. Heinie walker, just up for the Comets singled to right field and Cecil Arnold, the fastest man on the Comet squad, was sent in to run for Walker in an effort to get the big score home. Bill Worcester was next up and lashed a long line drive over the left field wall which curved foul by inches. Worcester then drove a long hit, ordinary a triple, to the center field wall but as Arnold stepped on third base on the way home with the tieing run, the base slipped and tripped Arnold who then had to get back to third and Worcester had to stop at second. Zoch disposed of the next three batters nicely and the Comets muffed a great chance to win the ball game.

Eddy won the game in the ninth without making a base hit or the Comets making an error. Lefty Jackson, who had been exchanging his first base position with Schottle and pitching to all left hand battlers since the seventh inning, disposed of the first batter easily and then lost his control completely and walked the next three men on thirteen pitches. Schottle then came back to the box and caused Lloyd Russell to pop out to Tex Miller in left field but the runner on third scored after the catch when Schottle intercepted a great throw by Miller and that ended a great ball game.

Both teams played in mid-season form with only one error being made in the entire game. Ben Zoch and Heinie Schottle seemed to be in great condition and both had a blazing fast ball and a good surve. The Comets and Eddy should be in the thick of the fight for the Cen-Tex title all the season and will be resume hostilities at Lawless Green field on May 3rd.

The Comets will play the strong field Sunday at 3:30. Jarrell is the field Sunday at 3:30. Jarrel is the leading team in the race at this time with two victories. They defeated Bartlett C. C. Camp team in the opener 30-0 and defeated the Temple Surgeons last Sunday 1-0. The fans are due to see a great game when these teams play next Sunday. Heinie Schottle or Archie Peel will pitch for Comets and Cullen Ingram for Jarrell.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

TEXAS COTTON GROWERS MEET HERE SATURDAY

The Texas Cotton Growers Association met Friday, April 10, in the Henderson building in Cameron for the purpose of introducing the officers of the association to the local farmers and to discuss better means of marketing cotton in Texas.

Among those present were: A. B. Emmert of Dallas, general manager of the association; J. S. Sharp of Dallas, president; D. E. White of Paris, secretary and treasurer; and J. H. Coglin of Ennis, director of field activities.

The Texas Cotton Growers Association is an organization sponsored by the United States Government, acting to promote better marketing of Texas Cotton.

PONTIAC IN LARGEST SALES SINCE 1929

March was the biggest month Pontiac Motor Company dealers throughout the United States have had since July 1929 says H. J. Klingler, president and general manager of the company.

Retail deliveries for March were 17,466, which is more than double the February deliveries; greater than January and February combined, and almost 1500 more than March, 1935.

The last 10-day period of March, with 8129 deliveries, was bigger than any other 10-day period since April, 1929, and was third largest in Pontiac's history. The two periods which exceeded it was 1929. Nothing equalled it prior to 1929.

"Pontiac dealers had the biggest used car month in this history in March. They sold 35,367 user cars," said Klinger.

"Since the first of the year they have sold 76,807 used cars which is one and one-half times as many used as have been sold by Pontiac dealers during any first three months period in the history of the company.

"That indicates pretty well that our dealers are well alive ti the necessity of keeping their used cars moving in order to take advantage of every opportunity to sell new Pontiacs.

"How great the recuperative powers of this country are is indicated by the way automobile retail sales and deliveries have increased during the last part of March.

"Even after one of the worst winters in our history and with destructtive floods covering extensive portions of the most populous parts of northeastern United States, Pontiac dealers are entering the month of April with more unfilled retail orders on hand than they had at any other time this year.

CARDUI FOR WOMEN

MRS. MARY ELDRIDGE IS BURIED IN MILANO

The Citizens National Bank had the following posted on its doors last Thursday morning.

"This bank will be closed today from 9:30 until 10:30 while the funeral services are being held at Gardiner, Maine for Mrs. Mary H. Eldridge, Aunt of Mrs. Oxsheer Smith, the wife of the President of this bank."

Funeral services were held Thursday of last week but interment will not be made until sometime in May when Mr. Smith will join his wife and attend committal services.

As our readers possibly know the ground freezes three to four feet deep and remains frozen all winter and the dead are cared for in receiving vaults until the ground thaws out. Only the members of the family and a few very close friends attend the committal services.

TO SELL—A good Crosley car radio, valued at $50. Will sell for less than half price. Ask at Jeter Lumber Company.

The Usefulness of Bank Loans

—goes further than merely helping the borrower who obtains the loans.

BANK loans provide business enterprises with immediate cash for payrolls. They make possible the purchase of raw materials to keep manufacturing activities going. They enable merchants to buy goods to serve the public and thereby earn deserved profits. They help the farmer to finance his crops and livestock during the growing season and to make wise purchases of needed material and equipment.

Because these credit functions are necessary not only to profitable operation for business but also to the comfort, welfare and health of all the people, the banker deems it a part of his professional obligation to grant sound loans to qualified borrowers.
